## Noble Ruler's Report

Brothers,

It is my privilege to serve as the current Noble Ruler for Theta Chapter. As we round out our spring semester, there is a very positive state of affairs at 602 S College that we can all be proud of as a brotherhood.

This January our Executive Officer Team traveled to Kansas City for Top Leaders Institute; a leadership program put on by our Home Office as part of the Local Chapter Excellence program. Our team came back to Columbia energized with new ideas and the drive to implement them throughout this semester. Our recruitment chairs attended Recruitment School in Kansas City as well and came back ready to hit the ground running. We are looking forward to the fall class that they are bringing in.

As the new VNR of House Management, Brother Samuel Betz from Marshall, Missouri led the house in a day of repair in February where all undergraduate brothers worked together to complete bigger projects around the house to better our structure. As a chapter we have also been more active in campus philanthropies, winning the ADPi King of Diamonds Contest and placing second in the AXO spring basketball tournament for charity.

We are extremely proud of three of our brothers, Mitchel Canterbury, Luke Miles, and Tyler Schuster who were selected to serve on the Homecoming Steering Committee for 2023!

In the fall we are looking forward to being paired with Alpha Delta Pi for homecoming as we work to bring home the win!

Fraternally,

*Justin Eddy*

# Hooked on a Theta spring tradition

## Alumni Fishing Trip Bennett Springs, Mo. March 15-19, 2023

A host of Alpha Gamma Rho- Theta brothers from the classes between 1980 and 2000 got together middle of March for an annual fishing trip in South Missouri. A handful of Theta brothers started going to Bennett Spring for spring break in 1989, and, except for a brief hiatus a few years ago, it has been a tradition ever since. Brother Cary Sayre #1121 hosted about a dozen fellow brothers at Lake of the Ozarks for some spoonbill snagging & fraternal camaraderie. A good time was had by all, and a successful haul of spoonbill & catfish hit the grill & fryer fresh out of the Lake. The brothers topped off the first leg of the trip with a get-together at a

Sunrise Beach watering hole to watch the Tigers win their first NCAA tourney game since 2010 beating Utah State of the Mountain West Conference 76 to 65 and advancing to the second round in the South Region.

During the second leg of the trip roughly 30 brothers met up at Sand Spring Resort at Bennett Spring for some more fellowship & trout fishing. Sand Spring is owned by Jack

**Left to right:** Rodney Christensen #1165, Tony Robertson #1157, Chris Marks #1180, Karlin Yaeger #1153, Jeff Buswell #1145, David Earl Meservey #1138, John Dolan #1223, Cord Harper #1150, Lance Rains #1142, Casey Callow #1124, David Heisey #1159, Max Dunlap #1127, Rick Sanders #1213, Scott Madden #1256, Clayton Uthe #1262, Clint Callow #1221, Dennis Speichinger #1124

and Vickie Glendenning, local cattle producers whose sons Josh #1742 & Jase #1762 were in AGR Theta Chapter, and whose daughter Jamie is married Theta AGR Brother Stuart Allen #1934, also of Lebanon. This group got in a little trout fishing, as well as watching more NCAA hoops at the Gravel Bar & Grill, about 30 feet from our accommodations. Some of the Brothers have been coming to Bennett about this time of year since college days, when we were either too poor or too cheap to go to Spring Break in Texas or Florida.

In 2023, Brothers passed the hat in honor & memory of Brother Derin Campbell #623 who passed unexpectedly last year. The brothers raised \$2,290 for an AGR scholarship in his name to be handed out annual, until funds are exhausted, at Founders Day. Brothers are welcome to join us again next year, about the same time and same place.

*-Alumni Tony Robertson #1157*

# Lessons in leadership

Theta men attend  
Top Leaders  
Institute

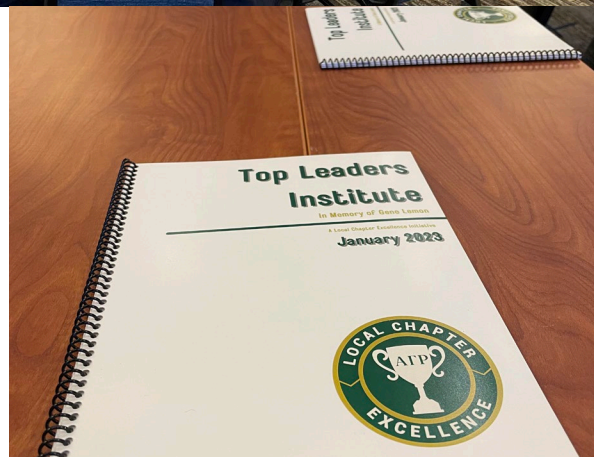

The Executive Board traveled to Kansas City on January 27-28, 2023, to attend the Alpha Gamma Rho Top Leaders Institute. This event is held in memory of Gene Lemon, long-time general counsel for Alpha Gamma Rho Fraternity and Alpha Chapter, University of Illinois, initiate.

The executive team learned about the new national standards of local chapter excellence—a feedback system for local chapters with measurable outcomes.

Accompanying the 2023 Executive Team was House Director Ms. Debby and Theta Building Association President Kayden Guymon #1782.

Alpha Gamma Rho Chapters throughout the Midwest attended the event.

The Executive Board worked together on professional development activities and set goals for the coming year. At certain times during the Top Leaders Institute, the Noble Rulers and respective VNRs from each Chapter got together in breakout rooms to discuss how they perform their roles at their home Chapters and shared tips for how they could improve.

## New chapter advisor Cord Harper

Alumni Cord Harper #1150 became Theta Chapter's newest advisor this spring semester.

Cord is the CEO of Endeavor Agency, a company that professionally advises its clients on their careers and career opportunities. Cord told the undergraduates he is back as Chapter Advisor for their benefit, and that he will be happy to assist them individually as a career advisor as well as a Chapter Advisor.

# ‘Leveling Up’ chapter meeting

Building the bonds of brotherhood

Last winter our Undergraduate Chapter went to Level Up Entertainment at the Columbia Mall to have a change-of-pace from our normal Chapter Meetings.

Our undergraduate brothers got to enjoy two hours of unlimited bowling, arcade games, and laser tag thanks to charitable donations from our Builder's Association and alumni for the event to occur.

Pizza and soft drinks were provided for our brothers to enjoy. Special thanks to Kayden Guymon #1782, Doug Thomas #992, Dylan Bussell #1716, Alan Masters #994, Brian Martin #1509, Thad Koenigsfeld #1335, Brett Naylor #1545, Lee Gard #1561, Matthew Henderson #1505, Greg Gholson #1502, and our Chapter's Academic Advisor Ben Brown for donating so that this event would be possible.

Events like these are great for promoting membership development and vertical bonding within the Chapter.

## A grateful thank you to alumni speakers

The Undergraduate Chapter would like to express our gratitude towards all the alumni who came to the Chapter House this semester to speak. Our undergraduate Chapter really appreciates when alumni come back and continue to stay engaged. Thank you to Chase Monte #1951 from Mexico, MO, Austin Roettger #1958 from Wentzville, MO, Cary Sayre #1121 from Marceline, MO, Lynn Fahrmeier #1024 from Wellington, MO, Cord Harper #1150 from Fayette, MO, and Michael Peterson #1052 from Lake St Louis, MO for coming to our Chapter meetings this spring semester. If you would like to attend a Chapter meeting or come speak this fall (or anytime in the future), please contact our Noble Ruler or VNR of Alumni Relations.

# Honors and celebration at 2023 Founders Day

MU College of Agriculture Food and Natural Resources  
Vice Chancellor & Dean Christopher Daubert

**T**heta Chapter's Founders' Day was held on April 15, 2023, at the Bradford Research Farm in Columbia, Missouri.

Mr. Tony Benz, current deputy director and governmental consultant for Missouri Agribusiness Association and former Director of Legislative Affairs for the Missouri Department of Agriculture, was initiated as an **Honorary Initiate** to the Theta Chapter.

Christopher Daubert, 2021 Theta Chapter Honorary Initiate who serves as the Vice Chancellor & Dean of the College of Agriculture, Food, and Natural Resources (CAFNR), served as this year's keynote speaker presenting about new updates from CAFNR.

University staff Professor Rebecca Mott and Mrs. Linda Sowers were recipients for the **Friend of AGR** award in honor of their prior service to Theta Chapter as Chapter Advisors.

Congratulations to **AGR of the Year Bradley Starbuck #1424**, and thank you to all the alumni who attended the 2023 Founders' Day event.

With your support, it was our largest Founders' Day turnout since our Chapter's centennial anniversary Founders' Day in 2016, we raised over \$7,000 for the undergraduate chapter's

recruitment efforts, and we awarded more than \$13,000 in academic scholarships to fellow brothers.

## Awards

The winner of the **Jerry Litton Outstanding New Member Award** was Eli Brummer from Jefferson City, MO.

The winner of the **Cecil Keasler Memorial** was Samuel Wheeler from Kahoka, MO.

The winners of the **Highest Fall Semester Grades** awards were Eli Brummer from Jefferson City, MO, and Parker Tripplet from Memphis, MO.

The winner of the **Most Improved Grades** award was Garrett Chinn from Clarence, MO.

The winners of the **Big/Little Brother Highest Grades** award were Grant Knipmeyer from Sweet Springs, MO, and Carter Marble from Edina, MO.

The winner of the **Jeff Zimmersheid Most Athletic**

**Award** was Tyler Vogler from Independence, MO.

The winner of the **Boedeker Unsung Hero** award was Tyler Vogler from Independence, MO. The winner of the **Newsom/Frazier Leader Award** was Parker Tripplet from Memphis, MO.

The winners of the **Glover Recruitment Leadership Awards** were Brock Aylward from Memphis, MO and Preston Eckler from Center, MO.

The winner of the **Thorne Financial Leadership Award** was Justin Eddy from Rocheport, MO.

The winner of the **Alan Masters House Manager Award** was Luke Hopper from Chillicothe, MO.

The winner of the **Atkins Noble Ruler Leadership Award** was Dallas Lewis from Centralia, MO.

The winner of the **Derin Campbell Memorial Scholarship** was Tyler Schuster from Booneville, MO.

The winners of the **Payne Longwell GPA Scholarship** were Eli Brummer from Jefferson City, MO, Parker Tripplet from Memphis, MO, Garrett Blaise from Shelbina, MO, Aaron Brown from Jackson, MO, Justin Eddy from Rocheport, MO, and Isaac Rhode from Gower, MO.

The winner of the **Marcia Napier Senior Leadership Scholarship** was Nathan Gastler from Martinsburg, MO.

# Alumni Spotlights

## Michael A. Peterson #1052

Co-Owner & President, ACJ International, LLC

Michael Peterson has served as President and Co-Owner of ACJ International, LLC since founding the business in 2008. ACJ is as a provider of ingredients, services, and supply chain solutions to the US Pet Industry.

Prior to ACJ, Mr. Peterson began his career with ADM as a Grain Merchandiser, then spent time with Purina Mills in various roles in purchasing and transportation in the animal feed sector across the US. In 1998, he entered the pet space as the Director of Purchasing for Wendy Hill Pet prior to it being acquired by Doane Pet Care, where he served as the Director of Purchasing for the combined entities.

After Doane, Mr. Peterson spent 4 years as the Director of Global Procurement for AFB International in the pet flavor and palatant space. Mr. Peterson earned his Bachelor of Agriculture Economics from the University of Missouri-Columbia.

Michael A. Peterson

## Lynn Fahrmeier #1024

Self-employed farmer

Brother Lynn Fahrmeier, Brother Samuel Fahrmeier and Elizabeth Fahrmeier next to their Legacy Brick on the Mizzou Campus.

Lynn Fahrmeier of Wellington Missouri was initiated into Theta Chapter in January of 1981. He earned a BS in Animal Science at Mizzou and after graduation returned to Wellington to start farming his uncle's farm. He likes to joke that he took his Animal Science degree and promptly became a row crop farmer. He currently farms around 2000 acres of row crop and pasture in Lafayette County.

When Brother Fahrmeier and his wife Donna were married in 1996, they started a sheep operation of Katahdin Hair Sheep. Katahdins are now the largest breed of sheep in the United States. He has served as president of the Katahdin Association and the Chairman of the National Sheep Improvement Association. He is currently the Region 4 Board member on the American Sheep Industry Association Executive Board of Directors.

Brother Fahrmeier has two children that have both attended Mizzou. Samuel was initiated by Theta Chapter in 2016 and Elizabeth was initiated by Sigma Alpha in 2018.

Fall harvest makes it hard to attend as many football games as he would like but he tries to attend Homecoming most years. He values the many friends that he made through Alpha Gamma Rho and enjoys visiting with fellow brothers wherever he goes.

## Cary Sayre #1121

Allstate Consultants

Cary grew up in North Central Missouri on a farm in Linn County near Purdin, Missouri. He joined Alpha Gamma Rho Fraternity Theta Chapter then graduated from University of Missouri-Columbia with a BS and a MS in Agricultural Engineering and a minor in Agricultural Mechanization.

He then worked for the Missouri Department of Natural Resources for two years before moving to Marceline, Missouri in 1995.

In 1998, he became employed by Allstate Consultants of Columbia and opened a branch office in Marceline. Allstate Consultants provides basic Civil Engineering, surveying and materials testing across Missouri and has over 40 employees. Cary has been married to his wife Tricia (Frank) for almost 30 years and has three boys, Jordan, Nathan and Tanner.

Cary spends most of his professional time working for small-medium sized communities and water districts assisting with water and wastewater projects.

In his time away from the work, he enjoys hunting, fishing, working in a shop and helping kids with baseball, basketball and FFA/4-H.

Cord Harper

## Cord Harper #1150

Endeavor Agency

Cord Harper is a 1989 initiate of Theta Chapter and is beginning his second term of service as Chapter Advisor after serving in the mid-1990s. He began his career in sales with US Cellular in the early days of the wireless industry. Later he worked in pharmaceuticals with GlaxoSmithKline and then Addison Biological Laboratories in the veterinary industry.

Cord is the founder and CEO of Endeavor Agency, Inc., the nation's leading career agency for executives and professionals. The company operated out of his hometown of Fayette for more than 10 years, recently relocating to Columbia. He is the father of Ethan, 25, who graduates law school from Harvard in May, and Jessica, 23, who graduated from USC from its music program. Cord lives in Fayette and enjoys having the opportunity to guide and mentor the undergraduate members of AGR Theta Chapter.

## Alumni Speakers

The undergraduate chapter would like to thank all the alumni who came to the chapter house this semester to speak. We appreciate when alumni come back and continue to stay engaged. Thank you to **Chase Monte #1951** from Mexico, MO, **Austin Roettger #1958** from Wentzville, MO, **Cary Sayre #1121** from Marceline, MO, **Lynn Fahrmeier #1024** from Wellington, MO, **Cord Harper #1150** from Fayette, MO, and **Michael Peterson #1052** from Lake St Louis, MO for coming to our Chapter meetings this spring semester. If you would like to attend a Chapter meeting or come speak this fall (or anytime in the future), please contact our Noble Ruler or VNR of Alumni Relations.

# Building Brothers

## Message from Outgoing President Kayden Guymon

**A**s my term as President comes to an end, I have made several observations of Theta Chapter that I wanted to share.

First, I believe that our chapter has made significant strides in re-engaging our alumni base. Through our new website ([agrtheta.org](http://agrtheta.org)), new Facebook groups, and outreach emails, we have been able to update the contact information of over 250 brothers.

However, we have a long way to go in establishing contact with even more of our alumni. It should be our primary goal to ensure that we are keeping in touch with the brothers in our classes and updating the chapter's database with the most up-to-date contact information.

The structure of AGR depends on engaged alumni.

Second, our undergraduate chapter needs alumni to help build our recruitment list. This is an ongoing and important request.

Recruiting brothers that fit the mold of an AGR is becoming more and more difficult with 1) changes in demographics of incoming freshmen at Mizzou; and 2) the availability of alternative, cheaper methods of education (such as technical and community colleges). As AGR alumni in your respective communities, it is important that you reach out to high school students early and let them know of the AGR values and the benefits of being a brother at Theta.

The future of bringing quality men to Theta Chapter depends on the participation of our alumni by providing names. Please contact our Chapter Advisor ([cordharper@hotmail.com](mailto:cordharper@hotmail.com)) with names of prospective members.

Finally, our chapter will always need active and engaged alumni.

There are several ways to serve the Chapter, to name a few: 1) attending chapter dinner and meeting our undergraduates; 2) donating money through the educational foundation for scholarships; 3) donating money to the operating budget of the Building Association for maintenance and improvement of the Chapter House; and 4) donating your time through alumni committees such as the golf tournament, fundraising, and alumni outreach committees. You will never be turned away from helping our chapter move forward.

Thank you to all our alumni for adding to the valued history of Theta Chapter. Without your help, we wouldn't be able to participate in the development of making better men!

Fraternally,

Kayden K. Guymon #1782

# A special day at Faurot Field

*Join us on Sept. 16, 2023 for a day focused on agriculture alumni  
and*  
**Mizzou vs. K State football**

We would look forward to hosting you on this ag-focused Saturday. Join us at the stadium and at the house.

**Kickoff is at 11am. We will host a tailgate before kickoff and a postgame BBQ at the house.**

Please RSVP, group seating will be reserved. K State AGRs are also invited to join us.

If questions, contact Jake Pfaff at (912) 281-7650 or email [jakepfaff@earthlink.net](mailto:jakepfaff@earthlink.net).

Go to: <https://bit.ly/AGR2023> to sign up.

## Advisor Report

# Purposeful Huddles

By Ben Brown

I love football to the extent that during fall weekends I can spend the entirety of any remaining “free time” watching nearly any game that might be on TV (during desperate times I will in fact succumb and watch Pac-12 football). On Sundays, a rematch of the Chiefs and Chargers or Eagles and Cowboys provide great entertainment. A lifelong Chiefs fan- the second “Golden Age” of Kansas City Chiefs football brings boundless joy!

The game of football continues to evolve, and new architects emerge nearly every season. The run dominate game was revolutionized with the forward pass and since then minds like Mike Leech, Chip Kelly, and Lane Kiffin have engineered high octane offenses wowing audiences and opposing teams. However, as I watched games last fall- I noticed several teams exclusively used the hurry-up offensive strategy. Hurry-up with its lack of pre-snap huddles, once seen exclusively at the end of a game in a sense of desperation, has become a common full-game strategy across all of football. Here’s the thing: without practice, a unified plan, and good communication the strategy quickly backfires.

Bill Snyder in my opinion is a football wizard. His offenses were scripted and boring, but his teams were often the fewest penalized squads in the country. They did not put themselves behind the sticks so to speak. The Wildcats dominated the time of possession because they would stay in the huddle until the final seconds of the play clock, utilizing the full time for thought and consideration. I think there is a lesson here. The huddle provides everyone the opportunity to get on the same page and run through the game plan. Then once everyone understands, the team goes out and performs what they learned with minimal error. But as mentioned earlier, without practice, strong communication, and a unified vision, performance errors stack up, players get discouraged, recruits lose interest, and fingers get pointed.

There is an old saying that one must learn to walk before starting to run. Not every team needs a huddle to be successful, but all teams need to be made up of players who understand the same game plan and that includes Alpha Gamma Rho.

In 2022, the undergraduate chapter spent some huddle time learning about what binds us all together (the AGR Covenant), building a unified plan (established chapter and officer goals), practicing (frequently reciting opening ceremonies and initiations) and developing communication channels (brotherhood time, alumni relations, and philanthropic community outreach).

I am proud of their commitment and dedication to intentional development. It is my hope the entire Theta Chapter can work together on a Chapter-wide strategic plan in the next year, and I ask each brother near and far to consider the value of some good old fashioned huddle time and commit to participate.

Lamar Hunt often used this famous Henry Ford quote, “Coming together is being, staying together is progress, and working together is success.” I remain confident that if we work together, we can build something free of error and exciting that might just even revolutionize the game.

Fraternally,

Ben Brown

Theta Chapter Advisor

# Undergraduate Letter

Theta Brothers,

Over the past year, our fraternity has undergone significant changes, not only within the undergraduate chapter but also in our support system. We would like to express our sincere gratitude to those who are transitioning from their roles and acknowledge their invaluable contributions to Theta.

First and foremost, we extend our heartfelt appreciation to Ben Brown for his dedicated service as our Lead Advisor. Brother Brown has decided to step back from this position at the end of this semester, and we cannot emphasize enough how grateful we are for the time and effort he has devoted to Theta. Following the unfortunate loss of Brother Hundle, Ben seamlessly assumed the role and immediately began assisting our brotherhood. His unwavering support and guidance have been instrumental in navigating challenging times. We truly value his contributions and his commitment to our initiatives.

We would also like to thank Brother Kayden Guymon for his remarkable tenure as the President of our Building Association. Throughout three terms, Kayden has skillfully guided us through some of the most challenging situations our chapter has faced in recent history. His dedication to our brotherhood and his tireless efforts to improve our fraternity are greatly appreciated. It is worth noting that Brother Guymon has recently assumed a leadership position with our National Fraternity as our Regional Vice President, and we eagerly anticipate the continued collaboration with him in this new role.

Additionally, we offer gratitude to Brother Alan Masters for his exceptional service to our Fraternity. Alan has served as Chapter Advisor, Property Manager, and a longstanding member of the Building Association. We commend him for his unwavering commitment to our Brotherhood. Alan's efforts in maintaining the functionality of our property and his positive interactions with every brother have not gone unnoticed. In his honor, we have named the previously unnamed house manager scholarship to the "Alan Masters House Manager Scholarship" which is awarded to the VNR of House Management who show dedication and servitude. We genuinely thank him for his dedication and the impact he has made.

As we express our gratitude and reflect on the service of these individuals to our fraternity, we also embrace the excitement of welcoming new volunteers who have stepped up to support the chapter. Cord Harper will assume the role of Lead Advisor starting this summer, and Aaron Atkins has taken over as the Property Manager. We eagerly look forward to collaborating with them and continuing to enhance Theta for the betterment of our current, past, and future brothers.

## Housemother's Letter

Hello and welcome to Alpha Gamma Rho Columbia, MO. I could not ask for a better fraternity to be house mother.. As I have told my group, I feel very fortunate to be part of such an organization.

My last three years here have been a great learning process for me as well as the boys that live here. It's been very rewarding to see them mature with each year.

Last October was Homecoming. To see how smart these boys were in building the float each wooden piece at a time; very impressive. I want to thank their parents for bringing these boys to that level of great workmanship and brotherhood.

We just had a wonderful and successful Founders' Day. The group came in suit and ties, looking very successful. I am very proud of each and every one of them. Thanks to all Alumni and parents for the participation in the auction; what a success!

I also had the pleasure of attending a leadership conference in the winter with our Executive Board members in Kansas City, Missouri, very impressed of their representation of this Chapter. I want to also thank the Advisors who have played a role in helping "Build Better Men" at Alpha Gamma Rho.

Sincerely,

Ms. Debby Alley

## Undergraduate Financial Report

At Theta Chapter, our budget has been tight due to our members working diligently to rebuild our chapter membership. We are extremely thankful for alumni support and all their donations. We raised \$7,200 at our 2023 Founders' Day that we plan to use to further expand our recruitment strategies as well as improve our relationship among brothers. As well as these donations, we plan to raise our in-house rent by \$35 and our out-of-house dues by \$150 to grow manage rising costs.

Our future goals are to rebuild our house into a Green Chapter to the National Fraternity's standards and eventually to a Gold Chapter. We believe we are on the right track and Theta as a Chapter is excited for the future.

Fraternally,

Tyler Vogler #2074
