

A graphic illustration of a bowling lane. At the top, a row of white bowling pins is shown from behind. Two blue bowling balls with white dots are positioned on either side of the pins, appearing to be in motion. A large red banner with a distressed, hand-painted texture is draped across the middle of the lane. In the center of the banner is a circular logo for the SNPJ, featuring a flag and the year 1904. Below the banner, a black bowling ball is partially visible. The lane floor is depicted with light brown wood grain. At the bottom of the lane, two white bowling pins with red stripes and two red bowling balls are visible.
