

# Deputy CISO as a Service (dCISO)

Reduce the stress and burnout your CISO is experiencing

CISOnow is a leading Virtual Chief Information Security Officer (vCISO) services provider dedicated to helping organizations strengthen their cyber security posture. Our team of seasoned experts provide strategic guidance, risk management, and tailored solutions to address the evolving cyber security challenges in today's dynamic business environment.

CISOnow's Deputy CISO as a Service (dCISO) is aimed at reducing the stress and burnout experienced by many CISOs across the industry. With the average CISO tenure being less than 24 months, our dCISO service is looking to help organizations maintain top talent.

Many organizations don't have the budget to add a full-time Deputy CISO. With CISOnow's dCISO service, we can immediately come along side your CISO to help reduce their workload. Our seasoned dCISOs have experience being CISOs and understand the challenges CISOs face on a daily basis.
