

# impact goals

2024

# Alignment

Hello Ministry Partner,

I truly appreciate your interest in considering our work in Ghana. I have listed some of our immediate and most pressing needs as well as a couple of long-term goals we hope to complete within the next two to three years. Our leadership team is currently focused on developing a plan to become 70-80% financially sustainable by 2030. The opportunities presented are part of the investments we believe will help us achieve this goal and continue to develop people and our communities on both a spiritual and physical level.

I'll follow up in a few weeks to see if you'd like to discuss any of these opportunities further. Should you have any questions in the meantime, please don't hesitate to reach out.

Blessings,  
Jack Oduro

## Our Mission

Our mission is to make disciples and develop sustainable communities.

## Our Vision

Our vision is to restore people and communities to God by meeting their spiritual and physical needs today and equip them for the future.

## Sustainable Change

Our sustainable plan requires that we meet the dire needs of our partner communities today without compromising their ability to meet their own needs in the future. We do this by:

- Educating people in relevant skills for dignifying work.
- Empowering people to lead redemptively in their homes, churches, businesses and communities.
- Equipping community leaders with mentorship and resources to build and thrive

**420**

Water Wells Dug

**Over 1 million people**  
served with clean water

**105,000+**  
Baptisms

More information can be found at - <https://ateiku.org/> or can be provided upon request. Note: These numbers have changed in the course of the year as our impact has increased.

Ateiku Christian Ministry has been determined by the Internal Revenue Service as a 501(c)(3). EIN: 86-197220

# Our Current Needs

Increase in Access of Clean Water.

Completion of Staff residence.

High School Washroom.

High School Extension Project.

Church Planters Transportation

Our imperative requirements for the ongoing year are organized in descending order of priority.

The prioritization reflects a strategic approach to address our most crucial needs with the utmost focus and efficiency.

## Impact Opportunity #1: Increase in Access of Clean Water

Priority Level: **High**

Purchase a water well drilling rig to dig clean water – \$250,000

The lack of access to clean drinking water is a major issue in Ghana. It is the cause of many of the health issues people face. It's also a cause for women, children and especially girls often missing out on school to hike several times a day, breaking their backs to find what is often unhealthy stagnant ground water for their families. There have been cases of children even falling into deep open wells and losing their lives. We believe children and families should have access to clean potable, tap water at their homes or less than 200 yards of walking distance from where they live.

Owning a rig would allow Ateiku Christian Ministries to drill between 300 to 500 wells a year. At our best year in 2011, we were only able to provide 69 communities each with a well. Most years, we are able to provide 25–40 wells. Currently, with each drill we lose about \$1,200 to hiring the rig from a bigger city and transporting it to the rural areas. By owning and operating our own rig, we stand to generate some revenue from paying clients in order to provide more clean water wells for poorer communities.

The ministry's own water rig will make a significant impact in the communities we support and give the following specific advantages:

1. Increase our well production to hundreds of wells per year.
2. Bring clean water to at least a quarter of a million people per year.
3. Provide jobs to a crew of between 6–12 people in our community.
4. Generate revenue from paying clients in the cities in order to partially fund free wells in the rural areas.

We have spoken with a water drilling rig manufacturer in India where we plan to procure the machine

amount:  
**\$157,000**

ACM 2024 Impact Goals 5

Young girls fetch water from a stagnant groundwater quarter mile from their village in Ghana

Hired drilling truck on-site at the high-school; first out of three different location drills that day. Ateiku, Ghana.

Children enjoying fresh clean water at their village, Ghana.

## Impact Opportunity #2: Completion of Staff Residence

Priority Level: **High**

Needed amount: **\$104,000**

### Objective:

To address the accommodation crisis faced by our staff and enhance the overall development of our organization, we aim to complete the construction of a comprehensive staff residence and facilities.

### Description:

The project entails the construction of a staff residence consisting of 20 rooms, each equipped with modern amenities including private toilet and bath facilities.

In addition to residential quarters, the facility will house offices, restaurants, and mini stores, providing essential services and fostering a vibrant community atmosphere.

The design prioritizes functionality, comfort, and sustainability, ensuring a conducive living and working environment for our staff members.

### Impact:

By providing comfortable and convenient accommodation, we aim to alleviate the accommodation crisis faced by our staff, enabling them to focus on their roles with renewed energy and dedication.

The presence of on-site amenities such as restaurants and mini stores will enhance convenience and accessibility, further supporting the well-being and productivity of our workforce.

The completion of this project will not only address an immediate need but also contribute to the long-term growth and development of our organization by fostering a sense of community and camaraderie among staff members.

### Call to Action:

We are seeking support to fund the completion of this essential project. Your contribution will directly impact the lives of our staff and play a vital role in the realization of our organizational goals.

Together, we can make a meaningful difference in the lives of our staff members and strengthen the foundation of our organization for years to come.

Below are the proposed plan

# Impact Opportunity #3: Construction of High School Washroom Facilities

Priority Level: **High**

Needed amount: **\$40,000**

### Objective:

Our objective is to address the critical need for modern and hygienic washroom facilities at our high school, ensuring the health, safety, and dignity of our students.

### Description:

The project involves the construction of new washroom facilities tailored to the needs of high school students, featuring modern amenities and adhering to the highest standards of hygiene and accessibility.

The washroom facilities will be strategically located throughout the school premises to ensure easy access for students and staff alike, promoting a clean and comfortable learning environment.

We prioritize the design and construction of gender-inclusive washrooms to foster inclusivity and respect for diversity among our student body.

### Impact:

Access to clean and well-maintained washroom facilities is essential for the physical and mental well-being of our students. By investing in this project, we aim to promote good hygiene practices and prevent the spread of illness within our school community.

The availability of modern washroom facilities will enhance the overall learning experience for our students, allowing them to focus on their studies without the distraction or discomfort of inadequate facilities.

By prioritizing inclusivity and accessibility in the design of the washrooms, we demonstrate our commitment to creating a supportive and welcoming environment where all students feel valued and respected.

### Call to Action:

We invite your support to fund the construction of these vital washroom facilities. Your contribution will directly benefit the health, safety, and well-being of our students, empowering them to thrive academically and socially.

Together, we can make a lasting impact on the lives of our students and create a positive learning environment conducive to their success.

**Below are the proposed plan**

## Impact Opportunity #4: Construction of High School Phase 2

Priority Level: **High**

Needed amount: **\$1.35 million**

### Objective:

To meet the growing educational needs of our students and enhance the learning environment, we aim to construct an extension to our high school classrooms.

### Description:

The project involves the construction of a new classroom building to accommodate the increasing student population and provide modern learning spaces.

The extension will include state-of-the-art classrooms equipped with advanced technology, laboratories for science and computer studies, and multipurpose rooms for extracurricular activities and group projects.

The design will prioritize functionality, flexibility, and sustainability, creating an inspiring environment conducive to active learning and academic excellence.

### Impact:

The addition of new classrooms will alleviate overcrowding, reduce class sizes, and enhance teacher-student interaction, thereby improving the quality of education and academic outcomes.

The availability of specialized facilities such as science labs and computer rooms will enrich the curriculum, provide hands-on learning opportunities, and prepare students for future academic and career endeavors.

The expansion of our school infrastructure will not only accommodate the current student population but also support future growth and ensure that every student has access to a high-quality education.

### Call to Action:

We are seeking support to fund the construction of this vital extension. Your contribution will directly impact the educational experience of our students and contribute to their academic success.

Together, we can create a dynamic learning environment that inspires creativity, innovation, and

**Below are the proposed plan**

## Impact Opportunity #5: Church Planters Transportation

Priority Level: **High**

Needed amount (Motorbikes) : **\$1,500**

Truck or Car Donations are accepted or **\$50,000** to acquire two vehicles.

### Objective:

To address the transportation challenges faced by church planters in reaching communities with the Gospel message and establishing new churches, we aim to provide reliable transportation solutions.

### Description:

The project involves the provision of motorbikes or cars to church planters, enabling them to travel efficiently to remote areas, engage with local communities, and establish new churches. These vehicles will be equipped with necessary features such as fuel efficiency, and safety measures to ensure smooth and secure travel even in challenging terrains. By providing transportation, we aim to empower church planters with the means to expand their outreach, facilitate discipleship, and nurture vibrant Christian communities in underserved areas.

### Impact:

The provision of transportation will enable church planters to overcome geographical barriers, reach unreached populations, and share the message of hope and salvation, resulting in the growth of the Kingdom of God.

Access to reliable transportation will enhance the effectiveness and efficiency of church planting efforts, leading to the establishment of more churches and the transformation of lives within local communities.

By supporting church planters with transportation, we will multiply the impact of their ministry, foster spiritual growth, and advance the mission of spreading the Gospel to every corner of the earth.

### Call to Action:

We invite you to partner with us in providing transportation solutions for church planters. Your support will enable these dedicated missionaries to fulfill their calling, reach the lost, and establish thriving churches where people can encounter God's love and grace.

Together, we can equip church planters with the tools they need to effectively fulfill the Great Commission and bring about lasting transformation in communities around the world.

# Ways to Give

## Payment Mode

### OPTION 1

#### ACM Website: [Ateiku.org](https://ateiku.org)

Go to GIVE select which purpose you want to give to or write in the memo.

#### Please Note

If you plan to give more than **\$10,000**, we suggest you look at one of the options below due to fees incurred from online donations.

### OPTION 2

#### Make Check Payable to Ateiku Christian Ministries

#### Address:

P.O.Box 86, Abilene, TX 79604

Memo: Write purpose if gift in the memo line or attach a note

### OPTION 3

#### Wire Transfer
