

# Friendship Rings correction page

In the original pattern, I referred to the templates as #1 & #2, This was confusing.

Template #2 as referred to in the original pattern is template A & B on the separate template PDF. You only need to use 1 of the A/B templates. Keep your fabric strip folded onto itself with wrong sides touching. When cutting out the fabric shapes, you cut 2 at a time. These templates are mirror image, meaning left and right. Cut out 122 Left and 122 Right.

Template #1 as referred to in the original pattern is Template C on the separate template PDF.
