

INSTRUCTIONS:

EVEN STEVEN (LN Only; Both Courses) RINGERS

1. The Captain should prepare two scorecards with names, cgc numbers and handicaps for all her teammates. Cards do not need to be stroked.
2. In this format, only the scores on the even numbered holes count (10,12,14,16, 18).
3. All players will keep their own individual score so that they can be entered into the GHIN system. The Captain and co-captain will also keep the format score for all their teammates. After each of the even numbered holes, each player will advise the Captain and co-captain of their score for that even numbered hole. At the end of the round these scores should be totaled and then the player's handicap should be subtracted from the total. (It is possible that this might result in a negative number). The Captain will turn in a signed and co-signed score card with the money to the scorers.
4. 1st and 2nd place will be awarded on each course for the players who have the lowest net scores. In the event of a tie, cards will be matched using only the even numbered holes.
5. All players will pick up after 10 strokes.
6. Individuals should enter their total gross scores into the GHIN system
