About the Band

WestwoodWinds is a community-based concert band that provides opportunities for anyone to continue their interests in music making in a community setting.

The ensemble meets during the summer to prepare and perform pieces that represent a range of styles that reflect our common American culture.

Participation is open to all residents of Westwood and surrounding communities. No audition is required. Members include current WHS students, college students, recent college graduates, working adults and retirees

Congratulations to each and every band member who made this effort and commitment to share their musical skills and interests. Through this concert, the entire town of Westwood can not only enjoy the music but also celebrate the skills and talents of Westwood's very own neighbors and friends.

About the Concert

The music for this evening was selected as a sampling of the rich and varied spectrum of American musical culture. Music has the power to transport ourselves into realms of fantasy, beauty, emotion and away from the troubles of current world events. We as Americans are connected to our land, its people and to the cultures we bring. It is through these connections that we share our common experiences and meaning to our lives and to our community.
