

**About the Concert:** This evening's concert marks the 10<sup>th</sup> anniversary of WestwoodWinds. What started as an experiment, WestwoodWinds has become a perennial musical resource for performers and audiences over the past nine years. To commemorate this milestone, the band will perform one piece from each of its previous concert seasons and the world premier of "First Milestone," composed by Jim Giurleo.

**About the Band:** WestwoodWinds is a community-based concert band that provides the opportunity for amateur musicians to continue their interests in music making. The ensemble meets during the summer to prepare and perform pieces that reflect our common and borrowed culture. Participation is open to all residents of Westwood and surrounding communities. No audition is required. Members include current WHS students, college students, recent college graduates, working adults and retirees

Congratulations to each and every band member who made this effort and commitment to share their musical skills and interests. While enjoying the concert, we celebrate the skills and talents of Westwood's very own neighbors and friends.
