

2021 Proposed Deer Regulations in U.P.

Created on November 07, 2020

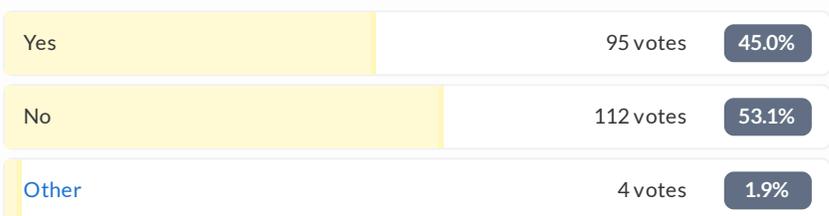

1) A proposal to allow crossbows to be used during the late portion of the archery season across the Upper Peninsula.

211 answers

2) A proposal to remove the three-point antler point restriction on the regular tag of the deer combo license in the Upper Peninsula. Legal bucks on this tag would have one antler 3 inches or greater, which would standardize this regulation across much of the state. It also would make the regulations for the regular tag of the deer combo license and the single deer license consistent across the Upper Peninsula.
