

LEXUS V8 ENGINES LLC

ECU Client Packet

ECU-only programming, calibration, and immobilizer service

Please read Pages 1 & 2 carefully. Return only Pages 3 & 4 with your signature.

Page 1 - Overview & Shipping

Important

This packet is for ECU-only programming, calibration, and immobilizer-related services. It does not include wiring-harness conversion, chassis integration, mechanical diagnosis, or transmission wiring.

Required Components for ECU Service

- OEM ECU / ECM to be programmed or inspected
- Printed copy of this packet inside the box
- Any notes, part numbers, or swap details that may affect calibration requirements

What You'll Receive

- ECU inspection/read and service confirmation where applicable
- Programming of the selected supported services
- Invoice before return shipment
- Return tracking once the ECU has shipped back

Estimated Processing Time

Typical ECU service time is 1 - 3 business days from receipt of the ECU, depending on current workload, ECU type, and whether the unit reads/writes normally.

Shipping Instructions

- Pack components securely with padding on all sides.
- Place the printed form inside the box so the parts can be matched to the job.
- Email your tracking number once shipped.
- Return shipping costs are the customer's responsibility.
- Lexus V8 Engines LLC is not liable for lost or damaged shipments.
- We recommend using a traceable carrier and packing parts carefully.

Shipping Address

Lexus V8 Engines LLC #298
1133 Bal Harbor Blvd, Suite 1139
Punta Gorda, FL 33950 USA

System Function & Important Note

Requested changes can only be performed if the supplied ECU and calibration support the modification.
Programming cannot correct damaged wiring, incorrect sensors, mechanical faults, or an ECU that is internally damaged.

Page 2 - Pricing, Warranty & Terms

Service Pricing

Final pricing is confirmed after ECU inspection/read. Some ECUs are read-only, unsupported, previously modified, damaged, or otherwise unsuitable for the requested work. If needed, we may discuss ECU replacement or recovery options before continuing.

Service	Price	Notes / Includes
Immobilizer Delete	\$150	Removes the immobilizer requirement where supported by the supplied ECU.
ECU Flashing Service	\$150	Required for supported calibration changes such as EVAP, secondary O2, transmission-related DTCs, brake-switch correlation, and similar edits.
Air Injection Delete	\$250	Available only where the ECU and calibration support this modification.
Throttle Response Tune	\$125	Throttle-response / drivability calibration adjustment where supported.
Return Shipping	Based on location	Final return shipping is confirmed on the invoice before payment.
Unsupported / damaged ECU	Quoted after inspection	Additional repair, recovery, bench-read, or replacement work may require separate approval.

Warranty / Service Limitations

- ECU programming workmanship is covered only for the specific service performed.
- Used ECUs are customer-supplied electronic parts and cannot be guaranteed against internal failure, prior damage, water intrusion, opened cases, or unsupported variants.
- Warranty is void if the ECU is opened, modified, tampered with, installed incorrectly, or used outside the intended application after service.
- If a problem is reported, Lexus V8 Engines LLC may request test information, ECU reads, photos, or return inspection before determining the next step.

Terms & Conditions Summary

By submitting this packet, you agree that:

- Modifications will follow the options selected on this packet.
- Final pricing is confirmed after ECU inspection/read.
- Lexus V8 Engines LLC can only program features that are present, supported, and available in the supplied ECU calibration.
- The customer is responsible for using the ECU and modifications in accordance with all applicable laws and regulations.
- Lexus V8 Engines LLC is not liable for misuse, illegal operation, incorrect installation, or post-installation issues caused by unique vehicle setups.

I have read and agree to the Terms & Conditions above.

Payment Methods & Fees

- Direct Deposit / Zelle - no fee
- PayPal / Card Payment - 3.5% processing fee
- Payment is due upon invoice receipt
- Late payment over 20 business days may incur fees or result in the ECU/harness being held until the balance is settled
