

Serb Aviation

Connecting places, connecting people

Founded in 2019, Serb Aviation provides aviation training and airplane service through its ventures that are certified by the DGCA (Directorate General of Civil Aviation) and EASA (European Union Aviation Safety)

This association is one of the largest in India that independently owns and operates a Flying School (FTO) and ATO. This gives our students a unique advantage of obtaining training through Cessna and also gain proficiency in flying an Airbus and Boeing. Our aim is to train each candidate to become a confident pilot.

PILOT CERTIFICATIONS & TRAINING MODULE

LEARN TO FLY WITH US

Private Pilot Certification | PPL

PPL is a license offered by the DGCA that allows the candidate to act as Pilot in Command of any single-engine aircraft for private (non-commercial) purposes. This is the first step in a pilot's career and forms the foundation for all advanced certifications.

Eligibility

- ◆ Age: at least 16 years at the time of enrollment
- ◆ 10+2 with Physics and Mathematics
- ◆ Class II medical clearance
- ◆ Cleared SPL (Student Pilot License) requirements

Features

- ◆ Flying training for 40 hours minimum
- ◆ Ground training provided
- ◆ Training in Cessna-172 (glass cockpit)
- ◆ Simulator sessions included
- ◆ Estimated duration of completion: 90 days

License & Privileges

- ◆ DGCA-certified Private Pilot License (PPL)
- ◆ Fly single-engine aircraft for private purposes
- ◆ Foundation for CPL and ATPL progression

“

*When
everything
seems to be
going against
you,
remember
that the
airplane takes
off against the
wind,
not with it*

Henry Ford

Ground School

The duration of the ground school training is 3 months. Our team of qualified instructors train the candidates to achieve the highest level of knowledge as per the curriculum prescribed by the DGCA;

- + Air Regulation
- + Aviation Meteorology
- + Air Navigation and Radio Aid
- + Aircraft Technical (general & specific)
- + Flight Telephony and Radio License
