Sonia Martinez Freeman
Photographer & Filmmaker

ABOUT ME

You can make your plans, but the Lord will lead you to His plan for your life. After working in corporate communications for brands such as KCI and AT&T, I chose to create my own career path and start a photography and video production company. Inspired by the love stories of my family and friends, I am overjoyed to document your family history.

This is the day you have been planning for and dreaming of. Your favorite people in the world are gathering, the dance floor is waiting, the champagne is chilled. Every little detail has been tended to and now it's time to walk down the aisle and join forces with your one true love. You will remember these moments for the rest of your life. We are there to help you cherish every moment: the family, the friends, the cake, the music, the tears and the laughter. You deserve to have this beautiful experience thoughtfully documented as you share the story of your wedding with family and friends in the decades to come.

YOUR WEDDING

Sonia with Aria Productions was by far one of the best decisions that we could have made for our wedding. My husband and I could not be happier! She was truly a blessing and I could not have imagined working with anyone else. From the first time meeting her, to the consultation, engagement photos, bridal photos, wedding photos and even after our wedding, Sonia was amazing to work with and was always so helpful. She is professional, quick to respond, patient and delivers your photos rather quickly. Her work speaks for itself. Her photos are beautiful, she pays attention to the smallest details and she is such a pleasant and likable person. She really does everything she can to make her clients happy and has this way about her that makes you feel so comfortable when taking photos. She always had great advice and you can tell just how passionate she is about her work. Seriously, if you want great service and beautiful photos, you absolutely must book Sonia. Without a doubt, we plan to use her photography services again in the future! Highly recommend!

Francesca Wittman

SAVE THE DATES

Engagement sessions are a wonderful way to celebrate who you are as a couple and reflect on your unique love story before your friends and family gather to watch you take your vows. It's also a fantastic opportunity to get to know us and become comfortable in front of the camera so that when the day of your wedding arrives you are carefree and confident. Schedule your engagement session at least six months before the big day! This will allow me to also help with designing Save the Dates to let your friends and family have time to make plans.

SIGNING BOOKS

Once you enjoy your engagement session you can have your photographs bound into a beautiful book for your guests to sign on your wedding day. This gives your family and friends the opportunity to share with you their love, reflections and well wishes. It's a book of personal love letters from your favorite people just for you!

WALL ART

Would you like to be surrounded by photographs of the people you love when you walk into your home? Professional wall art serves as a beautiful visual reminder of the most significant people and meaningful moments of your life. Not only is wall art gorgeous to look at but each piece of art carries a story, a memory, a moment in the history of your lives together. What better way to celebrate your home than to be surrounded by the people who make your life so sweet.

WEDDING FILMS

A picture is worth a thousand words, but the story can truly be told in twenty-four frames per second. As a professional photographer and videographer I can cover every aspect of your day in cinematic storytelling. We have several options for adding video into your wedding collection.

CAPTURING THE STORY OF THE DAY

When you hire a professional photographer for your wedding you are not only hiring someone to take pretty pictures but also a person who is a storyteller. A professional photographer takes the time to really listen to you and your love story. They will know the people and moments that are most important to capture on your wedding day and will take gentle care to create an atmosphere where your story can unfold. Always in the background, observing and guiding, a professional photographer documents your story in such a way that when you see your photographs you will be able to truly relive the beautiful and unique story of your wedding day.

A L B U M S

What would it feel like to hold a custom made wedding album in your hands that tells the story of your wedding day? What would it mean to share this story with your children and grandchildren?

Digital files disintegrate over time and individual photographs do not have the capacity to tell a story the way your custom made wedding album can. These heirloom pieces are the beginning of your legacy and allow you to bring your love story to life through print for yourselves and for generations to come.

U S B

All edited images will be delivered in a beautiful online gallery as well as a custom usb. Included on the USB are the wedding day gallery and any portrait sessions. Digitals are provided at high resolution with a print release up to an 8x10 print. Larger prints may be ordered from our professional labs.

T I M E L I N E

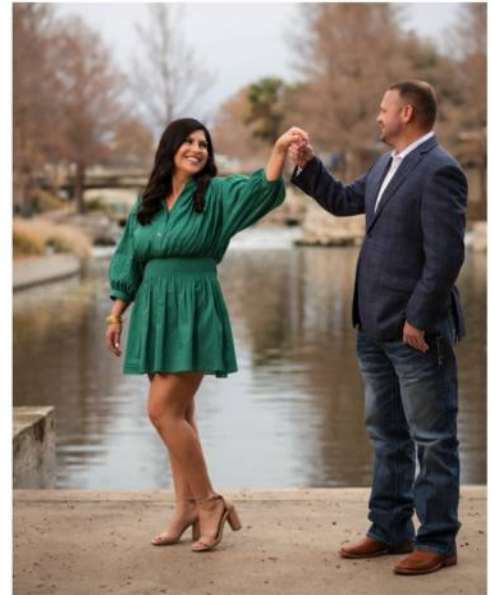

The best time to book a photographer is right after you book your venue. We want the opportunity to get comfortable with each other and allow time to have a conversation about your vision and specific needs for your photography or videography

E N G A G E M E N T P O R T R A I T S

Most people aren't used to being photographed professionally so this is a wonderful opportunity for the couple to get comfortable in front of a camera. Think of this as a trial run with the end result being gorgeous photographs of the two of you leading up to your big day. This also give you a chance to select a few photos for a save the date card and to add to your wedding website!

B R I D A L P O R T R A I T S

Schedule your bridal portrait at least one month prior to the wedding day. This can serve as a dress rehearsal for your hair and makeup, and for you to see what your final bridal style will come together on the wedding day. There is a 2 to 3 week turnaround needed for delivery of edited images, and to select images for a final wall portrait. Contact me to discuss locations.

W E D D I N G

The key to a stress-free wedding day is planning. If you are working with a coordinator or planner you are already ahead of the game! However if you are not, please reach out to us to help you with a timeline with optimal portrait time. This involves not only planning enough time, but also the right time of day for the best lighting and to take advantage of the beauty of your locations and venue. Let us take care of you and capture your day for you and future generations to cherish for a lifetime! This is an added value of using our services at no extra cost to you, and it allows me to do my very best work for you.

F I N A L D E L I V E R Y

After the wedding day, we will send you some sneak peaks! The final edited pictures will be ready to view in your online gallery in 2 to 3 weeks. We will then send a gallery link with all portraits and wedding day images. You can then select your favorites for your wedding day album. Album design takes 4 to 6 weeks from the time we receive your selections.

I cannot stop looking at my album.
