

LSD PROMOTIONS TRADER RISK ASSESSMENT 2018

Please read this section which may help you to fill in your Risk Assessment information.

Please consider any risks that may be presented by your stall space at this event. There is a template on the next page which you should fill in and return to us with the specific risks identified by you in relation to this event.

We have started off the risk assessment for you by including a sample entry for a common hazard to illustrate what is expected but if you have any questions, please call **01384 877336** or **07788 249 581**

Please ensure that you consider all potential risks associated with this event, including fire risks. However, if you are selling any form of hot food or drink, you will also need to complete and return a Fire Risk Assessment which will have been provided.

The types of hazards/problems which need to be covered are all general hazards which would lead to a possible injury.

Please rate your risk using the three standards Low, Medium and High listed below

RISK RATINGS

LOW RISK

No harm to property or people thus not requiring any medical treatment.

MEDIUM RISK

Could cause some damage to property or people who may then require First Aid treatment.

HIGH RISK

Could cause serious damage to property or people which could result in a doctor's medical assistance or a hospital visit.
