Answers Aerospace Engineering LLC WARRANTY POLICY - AVIONICS EQUIPMENT

Answers Aerospace Engineering LLC warrants (at the time of delivery) that all furnished articles shall be free from defects in material and workmanship. Extent of warranty shall be the repair or replacement of any unit returned during warranty period, and is limited to electromechanical / mechanical assemblies, and/or electronic parts / assemblies replaced at the time of repair / overhaul. **ALL EXPRESS AND IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE WARRANTY PERIOD, NO WARRANTIES, EXPRESS OR IMPLIED, WILL APPLY AFTER THIS PERIOD.**

Warranty service will not include repair of failures caused by:

- Defects due to tampering
- Improper use or handling
- Improper storage or operation
- Article not maintained in accordance with the published instructions
- Any attempt to repair seemingly defective units
- Maintenance by anyone other than Answers Aerospace Engineering LLC, Phoenix, Arizona.

BENCH TEST AND CERTIFICATION

There will be no warranty implied on units that are only bench tested and found to be within tolerance as described by the manufacturer's specifications.

REPAIRS

Answers Aerospace Engineering LLC's liability hereunder is conditioned on defects becoming apparent within **12 Months** from date of shipment of such item to the first user. This warranty does not give full coverage on **ANY** failure during this time period; it is limited to the repair and replacement of the parts and / or subassemblies replaced during the previous service action.

OVERHAUL

Answers Aerospace Engineering LLC's liability hereunder is conditioned on defects becoming apparent within **12 Months** from date of shipment of such item to the first user. This warranty covers labor and parts previously replaced by Answers Aerospace Engineering LLC at time of overhaul.

NO FAULT FOUND RETURNS

If a unit is removed from an aircraft and found to meet all the manufacturer's test specifications, the customer may be responsible for the bench test and recertification charges.

ELECTRONIC COMPONENTS

Electronic components are tested and their function verified at the time of test. There is no way to verify the service life of an electronic component without destroying it. Therefore it is Answers Aerospace Engineering LLC's policy to warranty only the electronic components replaced at the time of repair / overhaul.
