

2024 Rules Bulletin
****Effective July 27, 2023****

- Effective for all Thunder Hill Speedway associated kart classes.
- No wheel travel permitted of any kind. Axle and spindles must be solid mounted.
Can not “float” or move in any direction.
- All hardware that attaches the axle and spindles to the frame must be tight.
- No springs or shocks of any kind allowed to help limit travel of the wheels.
- Any infraction to this rule will result in an immediate DQ and no points will be awarded for the entire event.
