

supersolano® EVO ultra-high performance professional intelligent hair dryer

The EVOLution of the Solano® hair dryer has arrived!

After 2 years of testing at our factory in Italy and by our professional team of hairstylists in the U.S., we are proud to introduce our next generation dryer—and the most powerful Solano®.

Offering extraordinary performance, with extreme focus on durability as extensive study was performed on the digital components, with a commitment to long-life operation.

Powered by Solano® Intellidry™ technology, this system monitors all digital functions of the EVO Dryer, offering consistent and reliable power, resulting in an ultra-fast drying experience.

- The **2000 watt** high-performance professional BLDC motor delivers extremely strong air flow and pressure, offering the quickest drying time, especially for thick and frizzy hair.
- **Tourmaline & ionic** technologies are powered by a 3-speed motor with 9 temperature options.
- **Turbo venturi nozzle** multiplies airflow for maximum air pressure and airflow performance.
- The **filter design is simple**, making it super-convenient to maintain. Comes with 3 sponge filters.
- The polycarbonate case is **compact**.
