

Fort Block Games (\$FBG) 360° review

Industry and Market Position

- Initial focus on a 70m Roblox player base who spent \$3.2b on microtransactions in 2023.
- Followed up by attacking a 650m Fortnite player base which generated \$5.6b in revenue in 2023.
- Gaming market is worth more than the music and film industry combined. Web3 gaming is expected to be worth \$619b by 2030.

Trust and Community

- Fully doxxed company based in Florida.
- Strong community base within Telegram and Discord.
- Will be onboarding Web2 gamers from Roblox and Fortnite.

Development

- Developing free-to-play games for easy player access.
- Emphasizing avatar customization and expression.
- Focusing on single-player, co-op narrative action, and multiplayer competitive games.
- Game Development: Creating games on the Fortnite and Roblox platforms before progressing onto Unreal Engine 5.
- Market-Hub: A player-driven marketplace for tokenized game cosmetics and upgrades within the FBG ecosystem.

Expansion and Marketing

- Onboarding Youtube influencers specific to GameFi.
- Working with reputable KOLs within the Web3 space.
- Strong network for continued gaming development and onboarding of key roles.

FBG Features

- First Mover to implement Web3 tokenomics into Web2 gaming platforms.
- To be pivotal in Fortnite and Roblox ecosystems, launching revenue-sharing Play-to-Earn (P2E) games, and advancingGameFi through game development acquisition, revenue sharing and intellectual property (IP) growth.
- Blockchain integration for players to own, sell, or trade in-game items.

Team and Tokenomics

- Team have decades of experience within the gaming industry for game development, producing music and video content, marketing and business operations.
- FBG Token: A multi-faceted reward system for token holders
- 50% revenue share model for all profits through the Roblox and Fortnite platform, eliminating the need for staking and centralizing tokens across the ecosystem.

Smart Contract and Security

- Locked liquidity pool tokens for sufficient liquidity at all times.
- Third-party KYC completed. <u>Projects Assure DeFi®</u>.
- Fair Launch, 5% Buy and Sell Tax for marketing and development.
