ABC Coronavirus update

Due to the Coronavirus (COVID-19) and CDC restrictions ABC will go strictly to distance learning of book work, chapter tests and project-based learning. This is with approval from TDLR, COE and The Department of Education. The plan is for one week but could possibly go for up to two weeks starting 3/23/20. All students will need to email a current email address to abcdistancelearning@yahoo.com to send and receive assignments. If students do not have an email address, we will have packets to pick up and a drop box to drop off assignments. If you do your assigned reading and work, you will receive your scheduled hours. The safety of our students, staff, and customers is our biggest concern and we appreciate your patience. We will be posting announcements on our Facebook page at <https://www.facebook.com/advancedbarbercollege/>

Thank You!

Janie Garza Reyes
