CURBY FILL™

INTRODUCING CURBY FILL!

Curby Fill consists of interlocking honeycomb pattern paper within an easy dispensing box. It is a cushioning material that offers substantial benefits over traditional wrapping materials, including bubble, bubble-on-demand, foam, and other paper materials. Curby Fill clings to itself, eliminating the need for taping. It is lightweight, space saving, and can create an instant pack station wherever packing material is needed. Just drop, open, pull, and pack. Curby Fill is the simple, reliable, recyclable, and renewable paper void fill solution.

FILL™

Made from **RECYCLABLE PAPER!**

FEATURES & BENEFITS

- Engineered void fill for maximum cushioning protection
- Interlocking honeycomb design reduces shifting and damage and is ideal for moving and storage
- Easy to dispose
- Industrial dispensing available
- Expands to 24X its original volume
- 100% recyclable
- Eliminates movement of product during transport
