

In the early 80's Charles E. Massengill, Jr. of Dunn, NC invented a board game for he and his family to play. Over the years the game was improved upon and several copies and versions were made by his own artistic hand. To this day he and his family and friends play this board game regularly. Charles grew up loving two things, board games and stock car auto racing so why not incorporate the two? In 1987, he requested and received a copyright on the board game but never pursued to publish...until now. In 2021, Charles and his son Chad partnered together to manufacture and distribute The "Stock Car Racing Team Game" and now we want to share the fun with you!

Qualifying Cards

40 Tire Tokens

ARE YOU READY TO ROLL THE DICE?

If you want to race, The Stock Car Racing Team Game is designed to capture a real racing experience where your own team of six race cars can race to victory.

Invented in the early 1980's this game has been test marketed and touted as the best racing board game ever made. To win, you must have a pit strategy that beats your competition to the checkered flag.

Enjoy the excitement, the strategy, the heartbreak or the thrill of victory of racing 500 miles.
