

Returning to a physical event, means doing so safely and with the wellbeing of our classmates, and the individuals around us, this is at the centre of our decision-making. The **BHHS Class of '82 Reunion Committee** will run the event safely and in a Covid-19 conscious environment.

- ✓ In the first instance, this means we will follow the relevant official government and regional guidance, as well as any venue or location specific rules for each event we hold.
- ✓ We ask that all attendees (whether as a classmate of the event or venue staff or any other attendee) adhere to these guidelines.

This document sets out the four components of the BHHS '82 Events Shield and what you can expect at the event. To learn more about what to expect at the event feel free to email us at Francom@aol.com

EVENTS SHIELD WILL FOCUS ON FOUR PRINCIPLES FOR EVENT SAFETY
