

PROTECTION AND DEFENCE

In order to run events in a Covid-19 conscious environment, we need to ensure all our participants, partners and staff follow the Events Shield and any other procedures and protocols we put in place. We will take steps to ensure our staff are appropriately trained to comply with the relevant local authority advice and protocols to deal with any potential instances of Covid-19.

- ✓ If you have symptoms of Covid-19, have been told to self-isolate or if attending the event would breach any applicable official guidance (including, for example, travel restrictions), please do not attend
- ✓ For each event there will be a specific incident response plan in place to deal with any potential instances of Covid-19, including the creation of a suitable isolation area for any person who feels unwell during the event
- ✓ Depending on the relevant health authority guidance, we may also screen participants on arrival. This may include temperature checks or other screening measures
- ✓ If you fail a health screening test, you will not be permitted to attend the event
- ✓ If recommended by the local health authority guidance, we will ask all participants to wear a face covering. Face coverings will be available on arrival should participants not have their own
- ✓ Our event staff will undergo additional training on cleanliness, hygiene and infection and contamination control
- ✓ We will operate a minimal contact policy: including a no hand shaking policy and where possible, we will provide contactless payment and hands-free technology
