## Brick & Mortar Pub

Since 2016, the Brick & Mortar Pub has become a staple gathering place in beautiful downtown Delphi. The classic brick walls of the Pub are a testament to the hard working local masons that built our city in the 1800s. The Pub was designed and has become a place for relaxing ... to enjoy stellar food and refreshments, with a friendly, homestyle kind of service. A place for those same hard working men and women of today, of the appropriate age of course, to enjoy an evening away from the grind in an atmosphere reminded of the early years in Delphi. It was a true feat by the hard working masons that exposed the old brick walls and repaired and tuck pointed, to bring that atmosphere back to its original grandeur. The Brick & Mortar Pub is a destination for locals and out-of-towners to discover the deliciousness of our local Indiana Kitchen steaks, ribs, and pork chops. Or, you will want to sample the one-of-kind, Bacon Bloody Mary, made with our signature veggie vodka, and you bet, local, fresh, crispy, Indiana Kitchen bacon strips. Make sure to check out the seasonal Beer Garden patio and enjoy one of our seasonal cocktails. The natural, brick & mortar, environment on our patio is sure to please the senses. The Brick & Mortar Pub name was coined to honor the "strong as bricks" work ethic and values of the masonry industry, and all the working professions that built our city and this great country we live in; and, the hard working employees who hold everything together to continue those traditional values.

Come see us anytime for a night out with your better half,  
a special occasion celebration, or just to have a great cocktail with friends!
