Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting

estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MONROE COUNTY UNITED WAY FUND, INC.

NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED DECEMBER 31, 2020

NOTE 1-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

General. Monroe County United Way Fund, Inc. (the Organization) is a nonprofit organization providing support to public and private agencies and community organizations which meet the human service needs of the general public in Monroe County, Tennessee. Contributions are collected through the calendar year from individuals and businesses in the local area based on their pledges received during the annual campaign in the preceding fall. Accordingly, the financial statements are prepared on an accrual basis of accounting.

Basis of presentation. The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets, if applicable.

Cash and Cash Equivalents.

The Organization considers all investments purchased with a maturity of three months or less to be cash equivalents.

Promise to give. Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Property and equipment. The Organization has a capitalization policy to capitalize long-lived assets with an original cost of \$1,000 or more. Donated property is recorded as a contribution at its estimated fair value at the date of donation. Donated property and equipment is recorded as unrestricted support in the absence of donor restrictions as to how long the asset must be used. Depreciation is provided using the straight-line method over the estimated useful lives of the assets. Depreciation expense of \$6,064 was charged to operations for the year ended December 31, 2020.

Valuation of donated services. During the year ended December 31, 2020, the value of contributed services meeting the requirements for financial statement recognition was not material and has not been recorded. A fair value calculation was deemed impractical. Many individuals volunteer time and perform a variety of tasks so as to assist Organization programs.

Contributions.

Under FASB ASC 958-310, *Accounting for Contributions Received and Contributions Made*, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence or nature of any donor restrictions.

MONROE COUNTY UNITED WAY FUND, INC.

NOTE 1-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED).

Income Tax Status.

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. Accordingly, no provision for income taxes has been made. In July 2006, The Financial Accounting Standards Board (FASB) issued ASC 740-10 (formerly known as FASB Interpretations No. 48, Accounting for Uncertainty in Income taxes). ASC 740-10 Clarifies the accounting for uncertainty in income taxes recognized in an organization's financial statements in accordance with Statement No. 109, Accounting for Income Taxes, ASC 740-10 and provides guidance on de-recognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure and transition. The Organization does not believe there are any material uncertain tax positions and accordingly, it will not recognize any liability for unrecognized tax benefits. The Organization's Form 990, Return of Organization Exempt from Income Tax, for the years ending December 31, 2018, 2019 and 2020 are open to examination by the Internal Revenue Service.

Functional Expense.

Functional expenses have been allocated between Program Services, Fundraising and Supporting Services primarily based on an analysis of personnel time.

Concentration of credit risk. The Organization maintains cash balances at several local financial institutions. Balances in the accounts may at times exceed the federally insured limit of \$250,000. The Organization has not experienced any losses in such accounts. The Organization believes no significant cash credit risk exists.

Estimates.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Advertising.

The Organization expenses advertising costs as incurred. For the year ended December 31, 2020, advertising costs were \$11.

Investments. Investments in certificates of deposit and investments in mutual funds with readily determinable fair values are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the changes in net assets. Gains and losses are considered unrestricted or temporarily restricted depending on whether external restrictions were imposed on the gains and losses at the time of the initial investment.

NOTE 2-PROMISES TO GIVE.

Unconditional promises to give consist of the uncollected balances from the annual pledge drive, pledges due to be collected are \$25,939 as of December 31, 2020.

The accompanying notes are an integral part of these financial statements.

MONROE COUNTY UNITED WAY FUND, INC.

NOTE 3-LEASES.

The Organization leases part of its building to other companies. All leases are month-to-month as of December 31, 2020. The leases provide for monthly payments ranging from \$125 to \$1000. Rental income under these leases totaled \$9,975 for the year ended December 31, 2020. The rental income generated a net loss of \$7,829.38 and a negative cash flow of \$1,765.38 (removal of \$6,064 depreciation expense).

NOTE 4-INVESTMENTS.

The Organization reports under FASB Accounting Standards Codification (ASC) Topic 820, which defines fair value, establishes a framework for measuring fair value under accounting principles generally accepted in the United States, and prescribes disclosures about fair value measurements. Fair Value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal and most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic 820 requires the classification of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 – Quotes prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access.

Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect management’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Organization’s investments are classified as follows, based on fair values:

	<u>Level 1</u>
Certificates of Deposit	\$ 0
Mutual Funds	<u>31,655</u>
Total Investments	<u>\$31,655</u>

The Organization had no Level 2 or Level 3 investments as of December 31, 2020.

The following is a summary of the net income (losses) from investments for the year ended December 31, 2020:

Investment income, net of expenses of \$324.78	\$ 150
Unrealized Gain	<u>2,046</u>
	<u>\$ 2,196</u>

The net income, or an amount equal to the annual spending rate (a percentage of fair value), is to be distributed to the Organization each year. Upon a majority vote of approval of the Board of Directors of the Organization, and with the Foundation, which approval shall not be unreasonably, withheld, the fund or some portion thereof may be distributed. The Board of Directors of the Foundation has the power to modify any restriction or condition on the distribution of funds for any specified charitable purposes or to a specified organization if, in the sole judgment of the Board, such restriction or condition becomes, in effect, unnecessary, undesirable, impractical, incapable of fulfillment, or inconsistent with the charitable needs of the community served. As of December 31, 2020, \$0.00 was available for distribution in 2020. The Fund has an overall balance on December, 31, 2020 of \$34,086.74.
