

Distance learning plan for Sts. Peter and Paul Catholic School

(emergency level situations)

The mission of Sts. Peter and Paul Catholic School is to empower and enable students spiritually and academically to live the Gospel message and the teachings of the Roman Catholic Church while facing the challenges of the 21st century.

In order to accomplish our mission and in an effort to minimize the disruption of learning and continue instruction in a seamless manner, we have created a distance learning plan for our teachers, parents, and students. Our teachers and administrators are committed to continuing each student's education by implementing the following:

Pre-K: Teachers will have weekly packets ready to be distributed to each child and they will be returned upon return to classes

Kindergarten – 2nd grades: Teachers will post assignments and instructions on the following platforms

- Parent Portals
- Class Dojo
- Email
- Sadlier Connect
- Zoom.com

3rd-8th grades: Teachers will use

- Parent Portals
- Email
- Sadlier Connect
- IXL, Mastery Connect
- Scholastic Magazines
- Zoom.com
- Showbie

Parents and teachers will continue to communicate using email and Portals, and students will have an enhanced learning experience by using the links and activities their teachers will be uploading.

Daily morning prayers and announcements will be uploaded to our school's IGTV channel @spps_life
