# THE BEST PART OF TRAVELLING

---

Tours and Activities: the tourism industry has been calling them *ancillaries* since forever but, we believe, they truly are the best part of travelling.

And the latest trends and stats prove us right.

T&A is currently the third-largest travel segment, ranking right after flights and hotels and accounting for 10% of global travel revenue: according to the latest surveys, more than 95% of all travellers booked an organized tour, visited a museum or reached one specific attraction.

Among these travellers, a good 50% purchases T&A once they reach the chosen destination: letting them know the advantages of booking in advance (e.g. a decreased risk of scams, proper information, reliable customer support and so on) can at the same time improve travel quality while extending the traveller's length of stay.

Offering activities can result in a win-win situation and represents a good chance for up- and cross-selling, both for travel agencies and tour operators.

In the following pages, you'll find the largest T&A offer available in Rome: prime tours, low-budget services, visits to all the main touristic attractions at different prices and times of the day, experiences created for those who already know the city, guided or independent day-trips to Italy's best destinations for arts and culture.

Because Tours and Activities are, to us, anything but ancillaries.

# TRAVELLING SAFELY AND WITH EASE

Before you embark on your adventure, we would like to provide you with all the information you need to prepare for your trip, both in terms of health and regulations, for each of the destinations we offer. We are constantly up-to-date and will ensure you have a comfortable and worry-free journey.

During your trip our offices will be available for any questions or concerns you may have. Your tour leader will also advise you on any arrangements you need to be making on site, with regards to mask use, safety measures or precautionary measures.

All our means of transport, accommodation and restaurants have adopted additional measures to enhance their hygiene and sanitation protocols.

The Save Travels logo is a symbol of reassurance, which allows travelers to recognize companies that have implemented health and hygiene protocols in accordance with the World Travel and Tourism Council regulations.

## Colosseum, Roman Forum and Palatine Hill

The Ancient Romans didn't like to stay in bed in the morning. Actually, they were suspicious of those who opted for a lie-in and typically woke up at sunrise or earlier, then headed to the Forum and got to do business. If you're an early bird like them, come and join us on this tour of Rome's archaeological area: accompanied by a professional guide who'll provide you with a pocket audio receiver and earphones you'll have the chance to access the Colosseum skipping the usually long line. The **Flavian Amphitheater** stood the test of time and stayed pretty much intact: you'll get to know more about the way Romans used to enjoy their leisure hours while walking inside the original places where they used to watch gladiatorial or animal fights. You'll reach the **Palatine Hill**, the place where Rome was founded more than 2772 years ago by the legendary twin brothers Romulus and Remus and you'll stroll around the **Roman Forum**, the pulsating heart of ancient Roman life: let your guide tell you everything about those days and take you on a travel through time. Finding us is easy: come at our designated meeting point or, if you prefer a smoother start to your day, go for our pick-up option and wait for us at your centrally located hotel.

## Colosseum, Roman Forum and Palatine Hill

The Romans built an empire of truly gigantic proportions. The testimony of its greatness is still visible in the places where the city was built, more than 2772 years ago, by the legendary twin brothers Romulus and Remus. To see it with your own eyes, join us and our professional guide on this 3-hour-tour: we'll provide you with a pocket radio receiver and earphones, and let you access the **Colosseum** skipping the long line. You'll walk inside the Flavian Amphitheater, seeing the places where the Ancient Romans used to watch a variety of events, such as gladiatorial shows or staged animal hunts, and you'll learn more about the way Romans used to enjoy their leisure time. You'll stroll around the **Palatine Hill**, the place where Rome was founded and where Roman emperors used to live: the view is spectacular from here, so get your camera ready for some perfect shots from above! You'll also reach the **Roman Forum**, the pulsating heart of ancient Roman life, to see some very well preserved ruins of that time: let the tour guide take you back in time and try to imagine how it was like to be a Roman citizen. Finding us is easy: just book your tour and come at our designated meeting point or, if you prefer a more relaxed approach, go for our pick-up option and wait for us at your centrally located hotel.

## Colosseum, Roman Forum and Palatine Hill

The **Colosseum** is a must-see for every traveler who visits Rome. The majestic amphitheater used to be the heart of imperial Rome's entertainment: this huge travertine and tuff structure could hold between 50,000 and 80,000 spectators, all hungering for pretty gory shows such as hunting games or gladiatorial fights. A **professionally guided tour** is the perfect way to fully enjoy a walk inside the Colosseum and learn more about the building and what happened back in 80 AD, when the venue hosted one hundred days of inaugural games free for the citizens to enjoy. You can now take advantage of our exclusive prime service and **enjoy this tour in the most relaxing way**. Wake up in the morning at your centrally located hotel, wear a pair of comfortable shoes and wait for our driver to come and pick you up: **you'll reach the archaeological area to join a super-agile group of fewer than 10 people**. Your guide will provide you with **priority skip-the-line access tickets** and a convenient portable radio with earphones, so you don't lose any detail of the tour. This tour includes a guided walk in the **Roman Forum**, the cultural and political center of Ancient Rome, as well as a stroll around the **Palatine Hill**, the area where the city of Rome was legendary founded by Romulus and where the emperors used to live for centuries. If you want to save some dimes and experience a Prime Service, reach us at our meeting point by the Arch of Constantine and leave on your own!

An incredible collection of ancient and modern art

**DO YOU KNOW...**

## Vatican Museums, Sistine Chapel and St. Peter's Square

Not only the complex of the **Vatican Museums** makes up the largest museum in the world, but it is also one of the world's most visited, with more than 6 million people accessing it in 2018. In such a place, queues can be pretty long and touring can become stressful, that's why choosing one of the Vatican Museums' official tour operator partners makes a big difference. After meeting your professional guide at our meeting point, you'll be given a headset and you'll reach the Vatican Museum's entrance, in a group of no more than 20 people. This less stress guided tour will grant you a real skip-the-line, faster access through the exclusive official partners' entrance, saving you the hassle of waiting in line for several hours. You'll tour the gallery, visiting all those main spots you've heard about like the Gallery of Maps, the Gallery of Tapestries, the Borgia Apartments. The guide will tell you everything about the **Raphael Rooms** and their exceptional frescoes, including *The School of Athens*, and will bring you to the **Sistine Chapel**, whose ceiling is one of the cornerstone works of High Renaissance art. The tour couldn't be complete without St. Peter's Square the open space which lies before the basilica, redesigned by Gian Lorenzo Bernini and being itself an architectural masterpiece of the Baroque age. You'll admire St. Peter's Basilica (outside) that isn't only the largest church in the world, but that contains several pieces of fine art: think the canopy designed by Gian Lorenzo Bernini or the Pietà by Michelangelo.

We can come and pick you up at your centrally located hotel, or you can save some dimes and reach us at our meeting point in the Vatican area. A professional tour guide will be there waiting for you: you'll receive a pair of earphones, a portable radio receiver and you'll access the Museums skipping the line, through our exclusive official partners' entrance. In a group of no more than 20 people, you'll see all the best of the Vatican collection: the Gallery of Tapestries, displaying tapestries designed by the genius artist Raffaello Sanzio and realized by Belgian tapestry makers, the lavish Gallery of the Geographical Maps, the stunning **Sistine Chapel** with its famous frescoed ceiling and the Borgia Apartments. The tour couldn't be complete without St. Peter's Square the open space which lies before the basilica, redesigned by Gian Lorenzo Bernini and being itself an architectural masterpiece of the Baroque age. You'll admire St. Peter's Basilica(outside) that isn't only the largest church in the world, but that contains several pieces of fine art: think the canopy designed by Gian Lorenzo Bernini or the Pietà by Michelangelo. Fill your eyes with as much art as you can: the tour lasts 3 hours, so you can leave right on time to enjoy a classic aperitivo and let the evening begin.

## OVERLOOKING ROME

Designed by Michelangelo in 1547, St. Peter's dome was finished by Giacomo della Porta and Domenico Fontana in 1590.

It's the highest dome in the world, measuring 136.57 metres (448.1 ft) from the floor to the top of the external cross.

St. Peter's is also the highest building in Rome's city center: following to an established tradition, no one ever built anything higher in town, maybe to preserve Rome's well known and beloved skyline.

## Borghese Gallery: An important museum in the heart of Rome

When in Rome, one cannot miss out on the Borghese Gallery, a museum that houses a very important art collection including works by Bernini, Caravaggio, Canova and Raphael. A professional local guide will illustrate the Gallery and its elegant, sophisticated and even regal interior and exterior spaces. The underlying sculptures and paintings in the building come from the private collection of cardinal Scipione Borghese (1579 - 1633), an art collector and patron, son of Ortensia Borghese, pope Paul V's sister. The cardinal's attention was directed to all Renaissance and contemporary art expressions, but wasn't really into medieval art. Thus, his ambitions favored sculptures and marble groups whose high standards rivalled those of ancient art. Pauline Bonaparte as Venus Victrix, sculpted by Canova between 1805 and 1808, has been here since 1838. In 1807 Camillo Borghese gave Napoleon 154 statues, 160 busts, 170 bas reliefs, 30 columns and a number of other objects that now make for a Borghese-derived Louvre catalog. Bernini's artworks (Apollo and Daphne, The rape of Proserpina, David, to name just a few) have a prominent position in the gallery's spaces on the first floor, too - so much so that one cannot but remain literally entranced by them. The collection of paintings is also very compelling: Pictures by Caravaggio, Titian, Correggio and Raphael are displayed on the second floor among many others. Tickets to the Gallery must be booked well in advance, but we take care of it! By booking this tour, access is secured and you won't have to pay anything at check-in. The tour starts at the Meeting point K which each guest will reach on their own. As an upgrade, one can opt for the version with pick-up from centrally located hotels to reach the museum with us stress-free by minivan. When the tour is over, we suggest lingering outside in Villa Borghese, the huge public garden where the Gallery is located. Everyone finds a walk along the villa's tree-flanked promenades very relaxing. The Pincio terrace is a twenty-minute walk, this being one of Rome's hills. From here one can enjoy wonderful views not only over Piazza del Popolo right below and the Prati district, but also St Peter's Dome, the Gianicolo, the Quirinale, Piazza Venezia as well as the Capitol hill. The outlook from the Pincio is really one of a kind!

## Ancient Basilicas and underground Catacombs

Rome's churches are among the most beautiful and ancient in the Western world: spend an afternoon discovering some of them on this guided tour. Wait us at your centrally located hotel and our driver will pick you up. You'll reach our professional guide who'll provide you with a convenient audio receiver and earphones, to make sure you won't miss a single word. We'll visit **Saint Mary Major**, an ancient, stunning basilica. It was built on the summit of the Esquiline Hill: its original architecture was classical, maybe to convey the idea the place represented the ancient Imperial as well as the Christian Rome. Despite several additional construction projects and damages, the basilica retains the core of its original 442 AD structure. Even more ancient, **Saint John Lateran Basilica**: the oldest public church in Rome as well as the highest-ranked papal major basilica. It stands over the remains of a military Roman imperial fort established in AD 193 that was later converted into a place of worship and suffered several damages due to earthquakes and fires: the stunning façade as it appears today was completed in 1.735. In the nearby, the **Scala Sancta (the Holy Stairs)**: white marble steps encased in wooden ones. According to Catholic tradition, they formed the staircase leading up to the praetorium of Pontius Pilate in Jerusalem on which Jesus stepped during his Passion. And talking ancient, the **Catacombs of St. Callixtus** deserve a visit: these underground burial places, outside the walls of the city, were carved through tuff, a soft volcanic rock. More than fifty martyrs and early Popes were buried in this huge graveyard.

## Rome by Night - Guided tour discovering the highlights of Rome at sunset

At sunset, Rome turns into one of the most romantic places ever: join us on this tour while the sun is setting! In a group of no more than 20 people and with a **professional guide**, we'll stroll around the stunning city center of Rome, the Eternal City. Reach our meeting point and start your walking tour with a professional guide. You will cross the characteristic area of the **Jewish Ghetto**, one of Rome's most beautiful neighbourhoods, full with history and with a real Roman atmosphere. As you know, one of Rome's typical landmarks are its beautiful fountains, and one of the prettiest is the Turtle Fountain (Fontana delle Tartarughe) in Piazza Mattei. The Jewish Ghetto of Rome is the second most ancient after the one in Venice and it can be considered the heart and soul of Roman cuisine! Then you will walk into Piazza Della Rotonda and enjoy the lit view of the **Pantheon**, the former temple of Marcus Agrippa later converted into a church: this is the only ancient Roman temple that remained untouched through the centuries and it's stunning at night when the crowds are away. Next Stop...Close your eyes and throw a coin over your right shoulder straight into the **Trevi Fountain**: it's said that those who do so, are granted to come back to Rome someday. Your walk continues towards Piazza di Spagna, one of the city's most popular squares, known for its setting at the bottom of the **Spanish Steps**. Walk up these famous steps to enjoy a lovely view from the top! After this intense and gratifying walk, there is only one thing missing to end this experience: relax enjoying a creamy and tasty Gelato, it's on us!

## Luxury dinner with superior wine pairings in the Pantheon area

Spoil yourself after a long, busy day spent around Rome sightseeing: have dinner in a group of fewer than 10 people in a stunning, **exclusive location in the Pantheon area**. Our trusted local gourmand will be your guide for this indulgent evening: find them at our meeting point in Piazza Della Minerva and reach the **elegant, family-run restaurant** that we reserved for you, where the owners will greet you with a smile and their **typical Italian style**. This surprising place doesn't only offer **delicious food in a stunning location**: it also owns a prestigious historical wine cellar, built during ancient times and discovered during the renovation works of the palazzo. It was only on this occasion that a majestic Roman structure was identified at the cellar floor: entirely made of squared blocks and incorporated in the sixteenth-century building that lays right above. Our aperitivo will be here, on the cellar floor (except if under maintenance or restoration works): a glass of sparkling prosecco wine, paired with a platter of traditional cured meats and cheeses from different Italian regions, just to whet your appetite. Afterward, you'll move on to the actual dinner: a traditional dish of *paccheri* pasta with *cacio e pepe* sauce, followed by beef or fish course and a side of cheese and vegetables. Every dish will be, obviously, paired with a glass of **superior wine carefully selected** by the restaurant's sommelier, and the dinner will end with a selection of desserts: an **immersive experience in Italian food history and culture that you won't forget**.

### The Legends of Rome: Walking tour of the Velabrum

The Velabro tour is a journey through time that starts from about 3000 years ago and unravels years of history up until the last century, visiting the places and stories that marked the creation of Rome together with monuments and legends that still remain unknown to most people. A small part of the city that hides an amazing concentration of beauty, history and myth, lived in the shadow of the renowned Bocca della Verità for many years. We will discover many local traditions, as well as some sayings that are still used today; formulas for good luck that the more daring can even try to invoke to tempt fate. Churches, arches and ancient temples await us to reveal their precious stories and timeless secrets. Starting from **Piazza Bocca della Verità**, we will begin our journey from the legendary mask, which was once a wellhead, and discover together why it is still feared so much today. We will continue to discover the great four-sided arch known as the **Arch of Janus**, which will introduce us to the thousand-year-old **church of San Giorgio in Velabro**, next to which the highly decorated **Arch of the Argentari** will reveal its mysteries. We will walk along Via di San Giovanni Decollato and its church, until we reach Piazza della Consolazione, where the **Tarpeian Rock** awaits. Our tour will continue to the sacred **area of S.Omobono** (where we will discover a particularly used but vulgar saying!), then we will move on to the **Church of San Nicola in Carcere**, whose structure is imprisoned among the ruins of three different Roman temples. Here, our tour will end where it also began, closing the circle in Piazza Bocca della Verità, to observe the **Foro Olitorio** and the **Foro Boario**, with their temples incredibly well preserved until today.

## The Jewish Ghetto of Rome

When you think of Rome's history and its great empire, you can't help but think that this wonderful city is the epitome of history itself. But Rome is great and generous even within itself. Of the old homes where thousands of Jews were isolated for centuries, almost nothing remains today. However, as you walk through the alleys of the ghetto, full of monuments, buildings, streets and in the eyes of some of the descendants of those who lived here in the past, you will find that inheritance still lives within them today. Visit one of Rome's most fascinating neighbourhoods with us and discover the history of one of the oldest **Jewish** communities in the world. Walk with our guide through the alleys of the **Ghetto** and discover traces of Imperial Rome such as the **Theatre of Marcellus** or **Portico of Octavia**. We will retrace the history of the Jewish people in the city of Rome, from ancient to modern times, without ever forgetting the victims of the Holocaust, of which the "stumbling stones" (concrete cubes bearing a brass plate) fixed into the floor are a tangible testimony. You will also have the chance to discover the typical recipes of traditional Jewish-Roman cuisine, such as delicious artichokes "alla giudia", or the tart with ricotta cheese and sour cherries. During this wonderful walk you will admire the 19th century **synagogue** and end your visit with the sound of the water of the Renaissance **turtle fountain** in **Piazza Mattei**.

## Rome's Ghosts and Mysteries

The ghosts and mysteries hidden in a city like Rome have perhaps always scared us a little, right? The Eternal City is famous for its thousand-year history made of battles, conquests, intrigues and mysteries, of great heroes and restless souls who do not want to leave the scene to the passage of time. And so you think they move through the alleys, bridges and squares of this mysterious and sometimes ghostly city of ours. Our adventure starts from **Castel Sant'Angelo**, which we will only see from the outside. This place is known for its prisons where nobles, artists and common criminals lived. Once we leave the Castle, we will continue along **Via del Governo Vecchio** to reach **Piazza Pasquino**. There, we will find the statue of an ancient Greek hero, or what remains of it: a bust and a "swollen" face. Leaving the statue, we then reach **Piazza Navona**. Restless souls also hover over the next stop, the **Pantheon**, a masterpiece of Roman engineering, first a pagan temple and then a Catholic church. We will finally arrive in **Piazza della Minerva**. At its center since 1667, we can admire the obelisk of the Minerva placed on the back of a small elephant known as "The little elephant of the Minerva". A little further away we will find **Largo di Torre Argentina**, where the great Julius Caesar was assassinated; one of the most eclectic and important figures of the Roman Empire, who still brings many mysteries with him. We will end our tour in **Piazza Mattei**, which takes its name from the palace of Giacomo Mattei that overlooks it.

## Trastevere walking tour

This tour will bring you closer to the history, legends and folklore of Tiber Island and one of Rome's most significant neighbourhoods: Trastevere. We will lead you to the hidden wonders of its squares, its hidden gems, its churches and monuments. The visit will start from Fabricio Bridge (**Ponte Fabricio**), where you will meet our expert guide, ready to take you to the only island in the eternal city that takes its name from the river that so warmly embraces it: the Tiber. You will cross Ponte Fabricio, the oldest Roman bridge still in use, which connects the left bank of the Tiber River with the island. You will travel back in time to retrace the steps of the Greeks and Romans and discover the events that took place on this small strip of land. The island - which formed from volcanic rocks and river sediment accumulated over millennia - was sacred to the Romans. Many legends are linked to its unique 'ship' shape. Visiting it, you will discover all the stories about its origins and better understand what many believe is the smallest inhabited island in the world. The tour will continue with a walk through Rome's prettiest neighbourhood: **Trastevere**. On your way, you will come across the **Basilica of San Crisogono**, one of the oldest Roman basilicas. This basilica is usually not crowded by tourists, so here is why we wanted to take you there: the frescoes, the paintings and the remains of the original church are what you will love the most in this 17<sup>th</sup>-century

masterpiece. The walk continues to Piazza di **Santa Maria in Trastevere** with its splendid **Basilica**, the first official place of Christian worship in Rome. The Basilica is a splendid example of beauty and art treasures. You will be impressed by its magnificent mosaics, which you will admire from the outside. You will be particularly caught by the 13<sup>th</sup> century mosaic on the upper part of the façade, as well as the splendid mosaics in the apse basin that date back to the time of Innocent II, or those by Pietro Cavallini from the 13<sup>th</sup> century, depicting the stories of the Virgin Mary. Left the Basilica, your tour will continue to discover the romantic and typical alleys and **Piazza San Cosimato**, with its homonymous church dating back to the 10<sup>th</sup> century (visited from the outside). Walking through the alleys you will reach Piazza San Francesco d'Assisi, where you will admire the beautiful Baroque **Church of San Francesco a Ripa**, a place of great spirituality in the heart of Rome. The beautiful Baroque church houses the cell, now a Sanctuary, where St Francis was received during his papal visits to Rome. San Francesco a Ripa is also a place of art, where priceless artworks such as Bernini's "Estasi della Beata Ludovica" (The Ecstasy of the Blessed Ludovica) or the works of Giorgio De Chirico are collected and preserved. Your experience will end passing by the **Basilica of Santa Cecilia**, patron saint of musicians, on your way back to the Tiber Island.

## Pope Francis' Public Audience in the Vatican City

Rome offers the unique chance of living an immersive experience in Catholic traditions, seeing **Pope Francis** himself during **Wednesday's Papal Audience**: a very intense point of contact between the Pope and the faithful coming from the four corners of the world. Pope Francis and the Cardinals will pass through the crowd reaching their stage, greet and bless people in different languages, with hymns and homilies, and you can be part of this special event. Get your pre-booked tickets to get the chance to seat as close as possible to the Pope, be supported by an expert local guide and an audio device, and be sure to get perfectly on time at such a busy and requested happening. The Audience may be either celebrated in the majestic venue of St. Peter's Square or in the dedicated Nervi Hall, according to the Vatican's schedule: in case of the former, you'll reach the Piazza walking in one of the most beautiful areas in town, passing by the monumental Castel Sant'Angelo and along *Via Della Conciliazione*. You'll pass the security checkpoints to the Vatican City accompanied by a professional guide, who'll also suggest where to sit and who'll be happy to help to make your arrival easy, despite the crowd. The Audience will end around 11:30/11:45 AM: right after you will meet our guide again, in *Via Della Conciliazione* 48, to give the audio device back.

## Grocery shopping and cooking class

Food is one of the best ways to understand a foreign culture. And this is even truer for a culture in which food has a leading role in everyday life, such as in the Italian one. Try this simple approach to traveling and come spend a whole morning learning how to prepare an Italian meal on this cooking class in Rome's city center. In a group of no more than 8 people, we'll stroll around **in the heart of the city going shopping for groceries in locals' favorite shops and markets.** You'll learn everything about ingredients, traditions and how to recognize the best quality. Then, guided by our trusted chef de cuisine, we'll reach one of the very special locations where our kitchens are. Wear your aprons and get ready to use your hands: today **you'll learn how to make pasta from scratch and how to cook other traditional local dishes,** according to seasonality and to ingredients' availability. And, as everyone deserves a prize for their hard work, we'll celebrate afterward: we'll sit together, **eat what we've prepared,** engage in some conversation **and drink some good Italian wine** or some other beverage of your choice.

## Espresso, tiramisù and gelato tasting tour

Everybody loves some **good Italian artisanal gelato**, a tiny cup of hot **espresso** and a decadent portion of **creamy tiramisù**: there's no better chance to satisfy your sweet tooth than your Italian holiday. But, in a city as big and crowded as Rome, the risk of bumping into overpriced tourist traps is real. What to do, then? You can try your luck, or you can reach us under Bernini's elephant and obelisk, very close to the Pantheon, for this two-hour-and-half walking food tour. Our **trusted local food connoisseur** will introduce to you all those mouth-watering local treats you've been dreaming about, giving you info and answering questions. The setting is, of course, stunning: all the **coffee and pastry shops** that you'll visit are **all located in the city center**, so keep your selfie stick ready! One tasting after another, you'll learn to recognize what is considered high quality when it comes to Italian food: how can you recognize an authentic artisan gelato from an industrially processed one? What ingredients are needed in order to prepare a good home-made tiramisù? And do Italians really drink cappuccino only before lunch? You'll go back home being an expert in the field and...with a full stomach! *La dolce vita*, the sweet life, couldn't get sweeter than this.

## Sunset cooking class in the Jewish Ghetto!

Take your authentic Roman-style pasta cooking class in the Jewish district of Rome as seen in the Stanley Tucci's show. Take a break from visiting the city by meeting local people and learning how to make a typical Roman dinner menu from scratch. Meet your host in Piazza Mattei, a fascinating square in the heart of Rome's former Jewish Ghetto. The area offers breathtaking views of the stratification of Rome over centuries and a number of shops as well as very good restaurants selling Jewish-Roman food. Enjoy the easygoing lifestyle the Ghetto is so famous for! Access the restaurant where the class takes place and meet your Chef who will be ready to share his recipes with you and reveal his tricks. This is a hands-on class, but being a simple spectator is also an option: you can relax, watch the chef at work, while you sip a glass of wine. You will learn how to make homemade pasta from scratch, cleaning and preparing seasonal vegetables to fry, and taste desserts that Roman grandmothers used to cook for their kids. Seasonal food is a must in Rome. In a winter class, you'll have the opportunity to learn how to peel artichokes and cook them in the Jewish style, one of the highlights of Roman cuisine (carciofi alla giudia). In a typical summer class, you'll learn how to prepare zucchini flowers or other amazingly fresh vegetables that are in season during warmer months to make the original "fritto romano". For dessert, taste the amazing torta di ricotta e visciola, a famous ricotta cheesecake made with simple and delicious ingredients (visciola is a sour cherry). Book your pasta cooking class if you are looking for an authentic and entertaining experience in the Jewish district! Do not expect an academic class, though, just some time together with local people having fun as you prepare your own dishes!

Important note: the restaurant & the cooking class are not kosher.

## Rome food tour

Foodies of the world, unite! Whether you're a seasoned gourmand or just a food lover wishing to find out more about Roman cuisine and Italian food traditions, reach our meeting point. You'll join our local food connoisseur guide for a food walk, in a group of no more than 12 people (and yes, you'll try and taste lots of different treats!). We'll meet mid-morning and enjoy a lovely walking tour through local food markets, grocery stores and gelato shops in the areas of Campo De' Fiori, Trastevere, and the Jewish Ghetto. We know that exercise makes one hungry, that's why we thought you'd appreciate some pit-stops. For instance, you'll enjoy a slice of freshly baked crispy pizza bianca (Rome's own version of focaccia) cut in half horizontally and filled with thin slices of freshly cut mortadella: a traditional, more-Roman-than-the-Colosseum easy snack that locals love. And what about trying a supplì? This little ball of deep-fried tomato sauce risotto with a heart of melted mozzarella cheese is everyone's favorite street food. Pasta will be on the list too, along with some dishes from the Roman Jewish tradition: the carciofo alla giudia a Jewish style deep-fried artichoke that resembles a tiny sunflower or the fried zucchini flower (according to seasonality). And save some space for dessert, because we won't skip our portion of artisan gelato!

**A COUNTRY WITHIN A CITY**

Rome is also referred to as *the capital of two states*.

The reason is that the Vatican City, the world's smallest independent country is located inside Rome's city limits: a unique situation that makes it a country within a city.

### Tivoli and its villas

A few kilometers away from Rome, there's a world-renowned town, hosting two UNESCO world heritage sites: **Tivoli**. It's here that, back in the 2<sup>nd</sup> century AD, the emperor Hadrian built his majestic villa: a luxury country residence where he used to retreat and where he lived his late years. The huge complex includes more than 30 buildings, several swimming pools, former thermal stations and covers an area that's larger than a square kilometer, which gives quite an idea of this place's aim: to show the greatness, opulence and vast power of the emperor. In the 16th century, much of the remaining marble and statues were removed from **Hadrian's Villa** by Cardinal Ippolito II d'Este, to decorate his own villa located nearby: **Villa d'Este**, another UNESCO world heritage site. Largely frescoed on the inside, the Villa is surrounded by a unique garden, displaying a complex system of pools, water jets, channels, fountains, cascades, and water games. And what makes this system of fountains such an incredible masterpiece of engineering is that it works entirely by the force of gravity, without pumps. Leaving Rome in the morning, you'll have half a day to enjoy these architectural beauties accompanied by a professional guide, who'll provide you with an audio receiver and earphones: you won't miss a single detail! And you don't even need to wrap your head around how to reach Tivoli: you can either opt for our pick-up service from your centrally located hotel or save some dimes and reach us at our meeting point. We'll take care of both transportation and entrance tickets, all you have to do is relax and enjoy the trip.

## Cooking class in the Roman countryside

Nothing speaks more authentic Italian than visiting an ancient village off the beaten tourist track, especially if you add cooking and eating to the picture. We chose **Mazzano Romano**, a special location 35 km north of Rome: this Medieval town is right inside the protected area of the Veio Regional Park. Reach our meeting point: in a group of 2 up to 8 people, you'll travel to Mazzano Romano by car. Wear comfortable clothes and avoid your best shoes, because you'll join our trusted chef to either go grocery shopping at a farmer's market or, according to season, you'll reach a lavish farm! Here you'll pick by hand all of the ingredients required for your lunch: seasonal veggies, fragrant herbs, and freshly laid eggs. Once in the kitchen, you'll learn how to prepare every item on the menu: antipasti, several kinds of hand-made fresh pasta, a second course and a lovely dessert. This step-by-step class that employs easy techniques is suitable for aspiring cooks of all ages and will let you become a pasta pro, able to replicate the whole menu once you're back home. You'll lunch to your own preparations, perfectly paired with some good wine and maybe you'll find out that you have a real talent for Italian cuisine! Enjoy the countryside and relax: in the afternoon we'll take you back to Rome.

## Venice by high-speed train

Let us take you to Venice and back from Rome in just one day! No destination is too far away from Rome by high-speed trains. A tour leader will be with you to make sure you make it to Venice safely, show you around so you won't feel disoriented and give you tips that would do the trick. You will meet your leader at Roma Termini railways station for check-in. Follow him or her to the platform and get on the train with no stress. You will reach Venice in a bit more than 3 hours. From Venezia Santa Lucia railway station, you will reach a vaporetto stop (dock) located a stone's throw away. Enjoy the ride on the Venetian typical public transport waterbus, a fantastic way to start taking a glimpse at amazing views, architecture, historical buildings and churches façades, docks, gondolas, common residents running their errands and tourists doing their thing... The one-run ticket pass to the city center is included, and handed out by the tour leader. St. Mark's Square is the heart of the historical center. After getting off the vaporetto and a two-minute walk, simply take a left turn and take in the magnificence of the Western façade of St. Mark's Basilica. What makes Venice special is also the 118 small islands it is built on as well as the 400ish bridges that span the famous canals: from St. Mark, don't be afraid to get lost in the maze of alleys (or calli) to see them. Spend some time shopping, sipping an espresso in one of the quaint historical coffee shops, or even sitting at the outside table of a modern bar. Maybe make a stop (highly recommended) on the Bridge of Sighs (or Ponte dei sospiri), one of the most beautiful Insta spots for amazing shots. On your way back to the railway station, meet your tour leader because he or she has something for you... We thought we'd invite you for an aperitivo, or cicchetto, as Venetians call it. It is a mix of small savory snacks and side dishes typically served in a bar or informal restaurant and washed down with a spritz veneziano. Is there a better way to relax and rest your feet after an intense but memorable excursion in one of the most astounding cities in the world?

## Pompeii and its ruins

Hometown to Nero's wife, the UNESCO World Heritage **Site of Pompeii** disappeared under a thick layer of volcanic ashes, blasted over the city as a consequence of a devastating volcanic eruption which killed its inhabitants making it disappear for about 1500 years, until it was rediscovered as one of the best-preserved ancient spots of the world. Frozen at the moment it was buried, this unique archeological site provides a unique snapshot of the Ancient Roman city life. Walking along the streets of Pompeii, **you'll discover houses, bakeries, and shops and you'll catch a glimpse into the everyday lives of the Ancients.** Join us on this full-day excursion: you can comfortably wait for our pick-up service at your centrally located hotel, or reach us at our meeting point (option tour code 13M). You'll meet your tour leader and, as the stunning **Naples** is on the way from Rome to Pompeii, we'll pass through it and have a brief stop. A visit to Pompeii demands lots of walking, so wear a pair of comfortable shoes and don't worry: before entering the ancient city, **we'll have lunch with an authentic Neapolitan pizza and a drink.** Once in Pompeii, you'll meet your local professional guide, who'll provide you with earphones and audio receiver and will tell you everything about Mount Vesuvius' cataclysmic eruption in 79 AD and how it destroyed this big ancient city. At the end of the visit, we'll board our bus and travel back to Rome.

**All tour operators use licensed Guides that are supplied by Pompeii's management site only: we make sure to pick only the best ones!**

## Capri island and Blue Grotto

The tiny **island of Capri** has it all: good cuisine, jaw-dropping nature, lovely weather, stunning sights and one of the bluest waters in the whole Tyrrhenian sea. Take one day off from the cityscapes and reach this island from Rome. We'll leave early in the morning: wait for us to pick you up at your centrally located hotel or save time and reach us at our designated meeting point, where you'll be welcomed by our tour leader. Enjoy the Italian landscape while sitting on our private bus traveling to Naples: this will be our first stop, where we'll board the ferry to Capri island, with its white rocky cliffs plunging into the aquamarine water. We'll land on the island and tour around with a professional guide, visiting the famous Piazzetta and admiring the Faraglioni from afar. Then, we'll have an amazing lunch at a panoramic restaurant, another great chance to feast on Italian cuisine. But most of all **we'll visit the spectacular Blue Grotto.** A marine temple during Roman times, its bottom hosted three statues of the Roman sea gods Neptune and Triton, and it was used as the personal swimming hole of Emperor Tiberius. Nowadays swimming is forbidden here, and only small rowboats guided by local experts are allowed in the tiny grotto. Once inside, the view is incredible: sunlight, passing through an underwater cavity shines through the seawater and creates a brilliant blue-to-emerald reflection that illuminates the water in the shady cavern. In the late afternoon, we'll sail back to Naples and, from there, we'll travel back to Rome leaving behind the unforgettable colorful island of Capri.

## Tour of Naples and The King: Diego Armando Maradona - From Rome

You will reach Naples city center from Rome in just one hour and 15 minutes by a high-speed train. According to the day and time of arrival, the Naples walking tour will take place in the morning or in the afternoon. An expert local guide will wait for you in front of Teatro San Carlo, near the Royal Palace and **Piazza del Plebiscito**. You will see the very heart of the city and your professional guide will keep a marked focus on the places that symbolize the bond between Maradona and Naples. We will start from Piazza Plebiscito, and continue through **Galleria Umberto I**, reaching the famous **Spanish Quarters**. Every corner, every street and every glimpse of this city will testify the deep love of the Neapolitan people for Maradona. He was unanimously considered a hero, the one who gave Naples the joy of the first championship trophy. The entire city of Naples testifies to the passage of the "Pibe de Oro". Diegomania it is all around! From graffiti to cakes with his face, from fireworks nicknamed "Maradona's balloon" to all kinds of gadgets and souvenirs, from poems in his honor to Neapolitan nativity scene statuettes... Maradona is without a doubt a true universal icon, but Naples was his second home and Neapolitans will always be grateful to him. By attending this tour, you will visit two of the must-see destinations for any aficionado of "The number 10": **Vico Lungo Gelso** and Piazza Maradona near via Emanuele De Deo. Here, you will admire the famous graffiti and wall paintings dedicated to the Pibe de Oro, as well as a ceramic mosaic by two Italian-French artists, and a stencil by the Argentinian street artist San Spiga, created to celebrate the 30th anniversary of the first championship won by Maradona's Napoli team. You will also see another huge stencil representing Maradona as he dribbles. Continuing on **via Emanuele de Deo (Piazzetta Diego Armando Maradona)**, more wall paintings are to be seen that have become a real pilgrimage destination for supporters and fans. These are dedicated to the soccer player in memory of Napoli's second scudetto, in 1990. a Before or after the tour, there will be free time for you explore other areas of Naples on your own. At the scheduled time, be ready to reach the train station to return to Rome.

## Tour of Naples and the King: Diego Armando Maradona

Visit Naples and discover the beauty of the city with our expert guide! You will have the chance to walk through the streets that represent the heart of the city, our guide will show you the places that symbolise the eternal bond between Maradona and the city of Naples. We guarantee maximum compliance with health and hygiene regulations against Covid-19 for the safety and protection of your person. We will start from **Piazza Plebiscito**, and then continue passing through the Gallery Umberto I, reaching the famous **Spanish Quarters**. Every corner, every street and every glimpse of this city will testify the deep love of the Neapolitan people for Maradona. He was unanimously considered a hero, the one who gave the joy of the first championship trophy to the city and that brought the name of Naples up in the world. Everywhere around you, it was Diego-mania. The entire city of Naples testifies to the passage of the "Pibe de Oro". Maradona was practically everywhere: from the murals on the streets of the city, to the fireworks called "Maradona's balloon" from all kinds of gadgets and souvenirs, to cakes with his face; from the poems dedicated to him, up to the statuettes of the Neapolitan nativity scene. He has surely been one among the few immortal sports icons, able to create a true

phenomenon of custom, to drag the masses and to make people of any nationality mad with joy. In Naples, thanks to the street art, there is now a magnificent museum dedicated to him. An open-air museum, which you will now have the opportunity to discover! Thanks to this tour you will visit two of the must-see destinations for any aficionado of Napoli's number 10: **Vico Lungo Gelso** and **Piazza Maradona** in **via Emanuele De Deo**. Here, in fact, you will admire, in all their majesty and reverence, the most famous murals dedicated to Pibe de Oro. You will admire a ceramic mosaic, donated by two Italian-French artists and the stencil made by the Argentinian street artist San Spiga, created to celebrate the 30 years' anniversary of the first championship won by Napoli and Maradona. Next to this, another full-length stencil representing Maradona when dribbling, with the well-known ability and excellent technique. Continuing our walk in via Emanuele de Deo (piazza Diego Armando Maradona), we will admire the famous mural that has become a real destination pilgrimage for supporters and fans, dedicated to the champion on the occasion of the second Napoli's scudetto, in 1990.
