

LEAP Business Networking Group Code of Conduct

We Are **Considerate**

Please be considerate of interrupting commercials and limit conversations when others are presenting or featured.

We Are **Professional**

In the same way that you are professional in your work, please maintain integrity and professionalism in speech and action while still having fun.

We Come with a **Purpose**

We network and grow our businesses through relationships. We focus on products and services over hiring and recruiting. ***Recruiting is defined as inviting, soliciting, or encouraging members or guest to join another organization, business opportunity, or networking groups.***
