The decision of the Referee and the Competition Committee on all matters will be final.

II. ELIGIBILITY

Singles: Excel and Well-Balanced Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.
 - o Skate Up -- Skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
 - - o If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
 - o If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.
 - o If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).
- For more details about establishing event levels, refer to information sheet [HERE](#) or email events@usfigureskating.org.

All other singles and partner events:

Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement. See current rulebook for updated rules and requirements.

MUSIC SUBMISSION/UPLOAD:

MUSIC: Online music submission is the ONLY acceptable method to submit program music. After you have paid for your events, the system will prompt you to upload your music for each event that requires music. If your music is not available at that time, you can logout of your account and return later to upload your music by going to the "Competition" tab and then selecting "My Music". Please be sure you are uploading the correct music for the correct event segment. Be careful, for example, not to mix up your short program and your free skate!

MUSIC UPLOADING DEADLINE: FRIDAY OCTOBER 18, 2024 11:59 PM

The uploaded program music MUST conform to the following specifications:

Programs per file: One (1) - Only one piece of competition program music (e.g. short program, free skate, short dance, free dance, etc.) per file is allowed.

File Format: mp3 - The uploaded file music must be an mp3 file (MPEG-1 or MPEG-2 Audio Layer III).

Simply changing the file extension to "mp3" from another file format is not acceptable.

Bit Rate: 192 kbps is requested (bit rates between 128 and 320 kbps will be accepted).

Maximum file size: 10 MB

Maximum run time: Five (5 minutes)

ID3 Metadata (tags): None - The Chief Music Coordinator strongly recommends that mp3 files DO NOT contain any ID3 metadata, commonly called tags. This is especially true of any embedded images such as album cover art, picture of the skater, etc. Please, NO EMBEDDED IMAGES!

Maximum leader: Two (2) seconds - The leader is the silence between the start of the track and the actual start of the program music. The Chief Music Coordinator recommends that there be NO leader.

Maximum trailer: Two (2) seconds - The trailer is the silence between the end of the program music and the end of the actual track. The Chief Music Coordinator recommends that there be NO trailer.

Backup Music at Event (CDs): In addition to submitting the music online, all competitors/teams must also have at least one (1) backup copy of their competition music on CD, AT RINKSIDE, during the actual competition event or official practice. CDs must meet the following requirements:

- In standard Audio CD format (Compact Disc Digital Audio). Other formats, including mp3 are NOT acceptable.

- Clearly marked with a permanent marker (e.g. Sharpie, do NOT use a label or tape) as follows:

- Each CD may have only ONE (1) music track on it. In the case where a skater competes in both a short program/dance and a free skate/free dance, two (2) separate discs must be available. Any disc with more than one (1) track is NOT acceptable.

- Lead in time (time before the music begins) on CDs may not exceed two (2) seconds.

- Due to the compatibility and reliability reasons, music may NOT be submitted on re-recordable “CD-RW” discs. PLEASE, no CD-RWs!!

Backup Music at Event (PHONE): Competitors MAY, as an alternate, have available a backup copy of their competition music on a cell phone and it must be immediately available rink side whenever the skater competes. If the phone does not have the standard round headset connector, an appropriate adapter, such as an Apple Lightning connector or Samsung USB-C adapter is required to be attached. The phone should be presented to the music person with the file ready to play, phone in airplane mode and volume turned to maximum.

The LOC, competition officials, and volunteers exercise reasonable care when handling CDs. However, they are not responsible for damage to or loss of any CDs. The LOC is not responsible for CDs not picked up by the end of the competition and they will be destroyed.

Penalty for Incorrect Music or Failure to Upload Music: The LOC may assess each competitor/team an additional charge, up to \$25.00 per event segment, if the competitor/team:

- 1) Fails to submit their music prior to the close of online music submission,
- 2) Submits files that do not follow the specifications above, or
- 3) Uploads the incorrect music for a given event segment (e.g. uploads short program music instead of the free skate).

In the event the LOC decides to assess a penalty, the competitor/teams will not be checked in until they pay the penalty fee and turn in their music on CD, conforming to the requirements above.

If there is an issue with the downloaded music or CD provided at the event after the skater's name has been called to compete, the skater will have up to 3 minutes to rectify the situation with a backup copy of the music on CD or Provide Phone with music cued up. After 3 minutes, the skater will be considered withdrawn.
