

MITSUBISHI ELECTRIC SOLUTIONS

ICONICS Digital Software Solutions

Industrial and commercial software solutions including advanced HMI/SCADA, IoT/IIoT, Mobility, Analytics and Business Visualization Enterprise Software Solutions for Building Automation, Industrial Applications, and Critical Infrastructure Systems.

Variable Frequency Drives / Engineered Solutions

Comprehensive line-up of VFD/Inverter solutions from very simple fractional horsepower micro drives to inverters delivering energy efficiency for fan and pump markets. Including Engineered Solutions that are custom built and designed collaboratively to your exact specifications and project requirements.

CONNECTIVITY AND COMMUNICATIONS SOFTWARE SOLUTIONS

AUTOSOL (an ICONICS Partner company)
ACM Advanced Multi-Protocol Polling Engine for Oil & Gas, Water/Waste, and other remotely connected industrial applications.

Kepware (a PTC Company)
OPC Communications platform solution for industrial and commercial systems including MES, IT, SCADA, HMI, etc.

DeviceXplorer (an ICONICS Partner company)
OPC Communications platform solution for industrial and commercial systems including MES, IT, SCADA, HMI, etc.

PLC / PAC / RTU / IOT EDGE CONTROLLERS

OPTO 22

Your Edge in Automation.™

With more than 50 years in industrial automation, Opto 22 Solutions have a reputation for ease-of-use, innovation, quality, and reliability. All Opto 22 solutions are based on open standards and are *engineered, manufactured and supported in the USA.*

TBox and Kingfisher PLC / RTU solutions for Industrial Automation Control, Monitoring, Alarming, Data Logging and SCADA Systems for virtually any industrial application.

WATER PIPELINE LEAK DETECTION

Leak Detection Noise Loggers, Correlators, Ground Microphones and Pressure Logger solutions for identifying and pin-pointing Non-Revenue Water loss in water distribution systems.

GAS FLOW COMPUTERS / TRANSMITTERS

The Flow King Measurement Platform is a Low Power, High Accuracy Multivariable Pressure Transmitters (MVT) for the Upstream and Midstream Oil & Gas industries. It provides a host of protocol/connectivity options including Modbus, Enron Modbus, BSAP.
