## THE REFEREE

When play is stopped for the treatment of injuries, players are **not** required to leave the field of play after being treated.

Any player bleeding from a wound must leave the field of play.

A player must not return until the referee is satisfied the bleeding has stopped.

A player is not permitted to wear clothing with blood on it.

## THE DURATION OF THE MATCH

In the Southern District competition, as the 'interchange' rule applies in all grades, there is no need to add time for each injury or interchanges.

## THE GOAL KICK (SAP GAMES ONLY)

Rationale: Playing Out from the Back

For Under 12's only, teams will play out from goal kicks and be allowed to do so by the opposing team. The following processes will be implemented to facilitate this;

Goal kicks shall be taken from the goal area.

All opposition players will retreat behind the 25m line, which will be indicated by cones or poles to be positioned 1m outside the touch line.

Opposing team strikers can enter that attacking zone only when the ball has left the penalty area and the full back or central defender takes his/her first touch.

Should the opposing teams strikers encroach into that attacking zone prior to the defending player taking his/her first touch, the referee must order the goal kick to be retaken.

If in the opinion of the referee, the 25m is being utilized to waste time by either team, the offending player/players shall be cautioned for unsporting behavior.

For all other age groups the goal kicks shall be taken according to the Laws of the Game.

## THE CORNER KICK

For Under 12 age groups, corner kicks shall be taken on the goal line, 8 yards (7.32 m) from the penalty area line.

For all other age groups the corner kicks are to be taken according to the Laws of the Game.

## FOULS & MISCONDUCT

### Offensive, Insulting or Abusive Language and/or Gestures

It is the duty of the referee to enforce the Laws of the Game.

This includes "takes disciplinary action against players guilty of Cautionable and sending-off offences" and "takes action against team officials who fail to conduct themselves in a responsible manner".

Referees are to enforce the following whilst officiating all matches:

Any player who swears directly at another player, team official, spectator or referee **must be sent-off** immediately for offensive, insulting or abusive language. This includes all swear words, racial remarks and insulting comments directed at another person.

Any player who swears out of frustration on the park **must** be warned immediately. The referee must give this player and all players on both teams a public warning, or call the two captains out and make it very clear that swearing out of frustration is not acceptable and will result in the player being sent off.

This **must** happen for the first player you hear swear out of frustration.

Referees **must** then send-off all players who swear out of frustration after this.

Team officials **must** also be removed from the technical area if they are guilty of offensive, insulting or abusive language and/or gestures directed at another person or swear out of frustration.

All match officials on game day must work together to ensure this is enforced.

This means that if necessary the assistant referee informs the referee during the game of something he/she may not have heard.

A send-off report **must** be submitted if a player is sent from the field of play or technical area during a match. An incident report **must** be written if a team official is removed from the technical area during the match.

## Referee Qualifications

### PATHWAYS FOR REFEREES

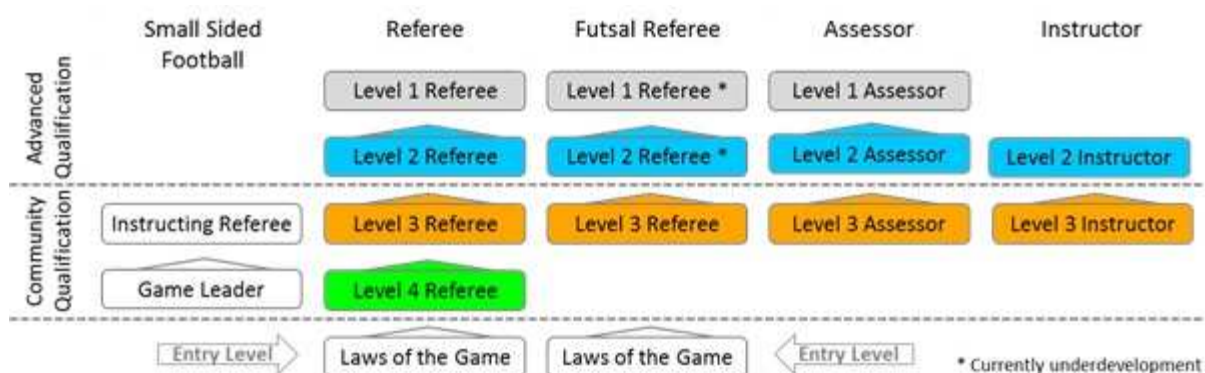

Match officials in Australia are subject to two streams within the accreditation structure - Community and Advanced.

Each structure consists of multiple accreditation levels allowing for a smooth advancement and continual progression to a higher level if desired.

Community level courses, targeted at officials working within local/regional amateur football competitions consists of the Laws of the Game, Level 4 and Level 3 accreditations across various fields such as Outdoor, Futsal, Instructor and Assessor.

Advanced level courses, directed towards officials working within regional, state and national competitions consists of both Level 2 and Level 1 Accreditations for relevant Outdoor and assessor officials in addition to Level 2 accreditations for instructors.

Below is an overview of the pathway that exists for Referees, Assessors and Instructors:

# MEMBERS INFORMATION

## REFEREE COURSES

Gaining outdoor refereeing accreditation begins with the 'Laws of the Game' on-line educational tool providing a basic introduction to the Laws of the Game and the explanation of each law. The Level 4 qualification complements the Laws of the Game's theoretical focus and is aimed at match officials officiating in junior and youth matches.

You must complete both the online Laws of the Game and Level 4 Referee training programs before you can be appointed to any matches except Small sided games.

The Level 3 training program builds on the basics developed in the Level 4 Referee course by focusing on 'skill consolidation' and is aimed at match officials officiating in junior to lower divisions of adult football.

The Level 2 training program is the beginning of the advanced phase and follows the theme of 'development of advanced officiating' which are taught as a concentrated set of theoretical classroom presentations (8 hours) followed by practical assessments, coaching in matches (minimum of 2 matches) and completion of the program folder. The training program is conducted over the course of at least one full season. Successful referees will be considered qualified to officiate at matches ranging from junior football to the penultimate senior football in their State, Territory or region.

The Level 1 training program, centred on a theme of senior officiating and commitment to excellence, prepares applicants to officiate at matches from junior football to the highest level of senior football in their State, Territory or region and potentially at national level. This program includes a concentrated set of classroom presentations (8 hours) followed by practical assessments and coaching in matches (minimum of 2 matches) and completion of the program folder that is reviewed by both the State Referees Committee and FFA. The program is conducted over the course of at least one full season.

You can only get one (1) upgrade per year.

## Wet Weather

When it's raining the grounds are checked by the clubs, they must advise the Southern Districts Office before 7.30am on game day if their ground is closed, this information is then passed onto our branch coach and he/she will then text all members, if the ground you are appointed to is not on this list, then you must turn up.
