

Dear Annual Tour rider,

10 weeks and counting.....

Here's some more information to help you prepare for our food and wine adventure.

## Annual Tour Ride Guide

The 2022 Annual Tour Ride Guide is now available for download [HERE](#)

Or go to the Participant Information tab on our website

<https://www.bikesa.asn.au/event/tours/annual-tour/>

You can also view updated information regarding our overnight venues and alternative accommodation.

An updated printed copy of the Ride Guide including any last minute amendments will be included in the rider Welcome Pack on the first day of the ride, along with your 2022 Annual Tour jersey (sizing chart will be emailed shortly)

## Covid-19 Protocols

**If you wish to email a copy of your digital certificate, or immunisation history statement, please send it through ASAP. Otherwise, you will be able to show this as a digital file on your smartphone, or bring along the hard copy to the registration desk**

As we continue to live with the presence of COVID-19 within the wider community, we need to give consideration to the safety and wellbeing of event participants, volunteer personnel and the communities through which we will travel.

Accordingly, we have implemented the following protocols for Annual Tour.

**All participants of Annual Tour are required to be fully vaccinated for Covid-19.** Prior to or at check-in on Day 1, you will need to show proof of your vaccination with your [COVID-19 digital certificate](#) or [Immunisation history statement](#). For more information about proof of vaccinations visit <https://www.coronavirus.sa.gov.au/vaccination/proof-of-covid-19-vaccination> Further information will be posted closer to departure as State Health regulations are updated.

Facemasks are no longer required to be worn in most settings, however Bike SA supports the wearing of face masks during our tour if participants prefer to do so.

Density limits no longer apply, however as an additional safeguard to our participants, Bike SA will configure indoor settings for dining to allow as much distance between tables as possible .

In addition, everyone will be regularly reminded to be vigilant with their personal hygiene including the frequent use of hand sanitisers and hand washing.

Please take time to review our previous updates as well.

We'll be sending out more information next week.

As always, don't hesitate to contact us if you have any queries in the meantime.
