

Tony Cole

I am a passionate cyclist and am excited about the possibility of joining Bike SA. I believe we have a significant opportunity to influence the cycling infrastructure in South Australia and continue to make South Australia a cycling destination for visitors and a cycling friendly city.

I am also passionate about organisational culture and the development of people. I firmly believe organisations are only as strong as their people and success can only be achieved through a driven and engaged team, who are valued and add value.

I have extensive executive experience in property development and finance through a range of roles in organisations such as KPMG, Lendlease, Renewal SA and I am currently employed as the Head of Property and Finance.

In 2023, I joined Junction which is a Tier 1 Community Housing Provider and Not for Profit. My key role is ensuring we improve Junction's capability to increase the supply of social and affordable housing, to help address the State's Housing Crisis.

Since joining Junction, our development pipeline has grown to having over 400 new apartments under construction, and this housing is for South Australians who are currently unable to find safe, secure and quality housing.
