Who We Are

TWO Design Studio is a Dubai-based design firm focused on architecture, interior design, landscape design, and Fitout. We prioritize human-centered design, creating unique solutions by collaborating closely with stakeholders.

Our passionate team brings diverse perspectives, ensuring excellence through attention to detail and innovative ideas in every project, resulting in inspiring and delightful spaces.

TWO design studio offers expertise in the following areas

Interior design

We place special emphasis on interior design, creating a special atmosphere in residential and commercial spaces. The range of the study starts from the interior layout of the spaces and ends with the creative combination of materials and detailed design of furniture.

Architecture

We create spaces of modern, and high aesthetics value with a strong emphasis on harmonising spaces with the needs of clients. Our work is extremely varied and ranges in scale and program, from Branding to residential developments & commercial projects.

Landscape

We believe that the outdoor is as important as the indoor. We take your green space into a different level ensuring the same soul across from the interiors. We specialize in taking into consideration UAE's weather, site location, and client needs.

Fit-Out

We deliver high-end fit-out solutions for residential, commercial, and hospitality spaces. From space planning to turnkey installations, we ensure seamless execution with a focus on quality, functionality, and aesthetics. Our expertise transforms interiors into refined, fully realized environments—on time and to perfection.
