Legal Union

Yousry

We request that you explain how the Naama Heights Union, for which you give yourself the title 'President', is a legal union when it appears that there is only one committee member - you.

It would also appear that it is irregular practice to have a sole signature on a legal entity such as an owners union.

How are you able to operate a legal union as a one man band and have sole control of money collected.

We look forward to your detailed explanation of the legalities.

06/07/2020  
Outstanding Receipt for Maintenance

Yousry

Yet again we write to you to request a receipt for the maintenance money we have paid to the Naama Heights Union for which you are the sole signature on the account.

Your lack of willingness to provide a legal receipt for the money you have taken under the guise of President of the Naama Heights Union can only be construed as fraudulent activity.

As previously requested, provide us with a legal receipt for the money you have taken from us.

Compensation

Yousry

Your lack of response is not the behaviour expected from an honourable man. The only conclusion that can be drawn from your behaviour is that you lack honour and integrity.

We would be happy to be proved wrong by receiving an appropriate response.

Mike Doherty

Outstanding Response

Yousry

We refer you to your letter dated 30/5/2020 in response to our reference 20200518-01, where you state that you will continue to chase the "proper filer the union in the council records".

What is the update in confirming that the Union is a registered legal entity?

As always we await your honourable response.
