| 3. David Foster - Acoustic Guitar<br>Vocal       | DI output or Shure SM57 Microphone<br>Shure SM 58 Microphone & Boom Stand(s) |
| 4. Masako Jeffers - Fiddle & Effects             | Shure SM57 Microphone, DI output & Boom Stand                                |

Additional Need (if requested specifically by band) - one additional D.I. for keyboard

We assume that the venue will provide a qualified sound engineer and a PA system with sufficient power to supply a clean and undistorted sound to the audience, adequate inputs for vocals and microphones & D.I.s, and a minimum of two monitors. For larger venues of over 300 people, we will need two extra monitors to ensure that each band member has their own instrument or vocal mix.

### **Additional Information**

*Arrival* - Please provide detailed directions two weeks before the date of the show of the complete address of the venue and a telephone contact. We need a safe parking space available close to the venue. Please provide arrival, sound check and doors-open and on-stage times. The promoter or another person should be at the venue at arrival time.

*Food & Drinks* - Please provide bottled water. Coffee, juice and healthy snacks are not required but would be appreciated.

*Backstage* - Whenever possible please provide a room for the band to store instruments, dress, and relax prior to the show. We realize this is impractical for many outside venues.

*Merchandise* - Please provide a small table at least 4 feet in length for our merchandizing within close proximity of the stage.
