

Rainbow Necklace

What you need:

Index Cards
Yarn
Tape
Cereal Loops in Rainbow Colors
Portion Cups
Markers

Skills: Reinforce color concepts, fine motor skills, and patterning with this sweet-smelling necklace craft.

What you do:

Prepare one necklace strand per child by knotting a cereal loop at one end of a piece of yarn and taping the other end for easy stringing. Make a set of pattern cards with colored dots for children to use as guides for stringing cereal loops in a rainbow pattern.

Make a set of six sorting cups for each child by writing color words on portion cups. Review each color word and the order the colors appear in a rainbow.

Give each child a pile of cereal loops in all six colors to sort into the cups.

Show children how to string their sorted cereal loops in a repeated rainbow pattern to make their necklaces.
