Subject: re: enabling Sierra Charts for my StoneX Account

Please provide CQG Web API Login for Sierra Charts and enable Sierra Charts

Introducing the new platform StoneX Futures

Exciting platform replacement:
Introducing StoneX Futures

We are excited to announce that StoneX is enhancing your trading experience!

If you are using a third-party platform, you will need to migrate your connection to use CQG's API after December 13. **This will require setting up a new password for the third-party platform.**
