Additional number will be called and the winning players with that number will remain in the game. The winning players that do not have that number will be eliminated at this point and given a ticket for a 2nd chance prize. This will continue until all winning players but one has been eliminated. Game 20 for the GRAND PRIZE will be a fill the card. If there are multiple winners on this game, the winners will be given a new card and the same elimination process will take place.
