

HR Hub Benefits Updates

401K Program

We will be transitioning our company's retirement account from John Hancock to Voya Financial. All employees have received an informational packet from Voya outlining the services and benefits available through the new plan. The packet includes important transition dates and detailed information about the new plan offerings. Please review it carefully.

If you are currently enrolled in the program, your existing funds, balances, and any outstanding loans will automatically transfer to Voya. No action is required on your part.

If you have any questions, do not hesitate to contact Human Resources. Stay tuned for additional updates as we move through this transition.

Earn Your Degree at No Cost!

Anderson Auto and Powersports Group has partnered with Strayer University to bring the Degrees at Work Program to our organization. This program allows you to earn an associate's, bachelor's, or even master's degree at no cost to you.

This benefit has the potential to create real impact for you and your family. Whether you have considered finishing a degree, starting one for the first time, earning a certification, or continuing your professional development, this program removes the financial barrier.

Just as important, if you have children or a spouse who plan to pursue higher education, this could be an incredible opportunity to support their future.

LAUNCH EVENT SCHEDULE

Below is the finalized schedule for our onsite launch events. Employees and immediate family members (children, stepchildren & spouse) from any store location are welcome to attend at any of the sessions outlined below.
