Healthy Hub

Fall is slooowwwlly approaching, but cooler weather brings the time to get your flu shot for yourself or your family. The CDC recommends annual flu shots for everyone 6 months and older each flu season. October and November are the best times for most people to get vaccinated. BCBS of AZ provides free flu shots, but if you do not have BCBS, Walgreens and CVS pharmacy offer discount or no pay for flu shots, along with the pharmacies at Safeway, Smiths, Albertsons and Bashas. The benefits of the flu vaccine reduce the risk of getting sick with the flu or more serious outcomes. You can also find where to get a flu vaccine at [Vaccines.gov](https://www.vaccines.gov).

Welcome to the fall season, and Happy Halloween!
