

HR Healthy Hub

Your Financial Health – John Hancock Updates

After hearing from participants that they'd like easier access to educational tools and resources, John Hancock has made several new tools and educational materials available before logging in to myplan.johnhancock.com.

Resources available without enrolling or signing in to the plan

Hancock enhanced financial education resources are designed to help participants create better financial habits and engage them in their plan. They will help you get to know the basics of saving, understand how to navigate market uncertainty, catch up on market commentary, and manage personal finances through different life stages. Hancock made these resources easy to find, so participants can explore them before even enrolling or signing in to their plan.

Calculators—Help participants make retirement saving decisions by modeling different scenarios based on desired retirement age, current salary, contribution rate, and more

Videos—Explain the basics of investing to help participants understand investments that align with their needs

Podcasts—Highlight what's happening in the stock market and the potential impact on participants' long-term goals

Webinars—Provide insight from retirement specialists to help participants plan for retirement and improve their financial well-being

Articles—Help participants build their knowledge on a range of personal finance and investing topics, from budgeting and college planning to 401(k)s and IRAs, to selecting investments and retirement withdrawal strategies

Employee Golf Tournament

Employees had a great time golfing on a beautiful day with co-workers on February 23!
