

ACCEPTABLE IDENTIFICATION DOCUMENTS

All original applicants who apply for a Texas driver license (including a learner license) must present proof of identity satisfactory to DPS. All documents submitted must be verifiable by the source that issued the document.

There are three categories of documents that must be presented to establish proof of identity. **Every original applicant must present:**

- One piece of **PRIMARY** identification; or
- One piece of **SECONDARY** identification plus two pieces of **SUPPORTING** identification; or
- Two pieces of **SECONDARY** identification.

<p>These documents are accepted for identification purposes only without the need for additional supporting documentation, and must include an identifiable photo, the applicant's full name, and the applicant's date of birth. All documents must be verifiable.</p>	<p>If an applicant is unable to present a document from the primary identification chart, the applicant must present either two secondary documents or one secondary and two supporting documents for identification purposes. DPS personnel may require additional documentation to verify conflicting information, incomplete names and/or DOB, or document name changes. The documents in these categories must be originals or copies certified by the issuing agency or entity. All documents must be verifiable. Any document not listed in the Supporting column that meets the Department's needs in establishing identity must be approved by DLD headquarters.</p>	
PRIMARY	SECONDARY	SUPPORTING ★
