Our vision is to accomplish the following:

- Provide transitional and crisis coaching to individuals.
- Assist in developing transformational leaders. Put simply, STEPS across The Bahamas is executing a two-phase strategy:
 - (1) STEPS Initiative/5R Circle Process Coaching.
 - (2) Practical Wisdom Conferences & Workshops.

Thank you for your support!

STEPS Across The Bahamas

What is STEPS

Coaching & Training ?

Launch

A Faith-Based Initiative

STEPS provides excellent life-skills training to Youth and Adults across the family of islands of the Commonwealth of The Bahamas.

The entire series was developed to provide in a workbook form steps for personal and ministry success. It targets two groups. Firstly, leaders desiring biblically-based personal development study materials and secondly, youth and adults that are incarcerated as an evangelism and personal development tool.

The steps are taken from biblical characters reflecting part of their life's quest and challenges. It is hoped that the series will be welcomed not only by believers for personal study, but also by, Bible Training Institutes, Mission Organizations, Sunday School Classes, Cell Groups, Prison Ministries, and all those who are involved in the maturing of the saints. A Personal Development Audit is offered for most workbooks.

Dr. Carey, on a limited basis, is available to conduct Steps to Success related workshops and seminars.

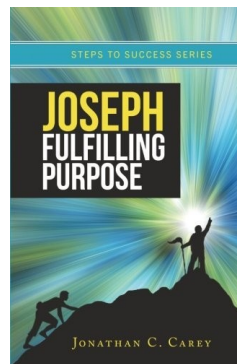

Community Involvement

In 1993, I spearheaded the development of Programme S.U.R.E. (Success Ultimately Reassures Everyone) a Bahamian Public alternative school for students with chronic disciplinary problems, and served as the principal in Freeport for six years.

I have also served as a member of the Bahamas National Crime Commission, chair person of the Bahamas National Youth Advisory Board, and as chairperson of The Ministry of Tourism, West Grand Bahama Community Tourism Board.

These responsibilities among others have made me aware of some challenges a developing nation faces.

STEPS is my contribution to ongoing community development efforts.

Our Official Launch

Their Mission

The Bahamas Department of Corrections (Formerly Her Majesty's Prison), in accordance with universally accepted standards, contributes to the protection of society by optimizing staff development, while maintaining inmates in a controlled, safe, secure and humane environment that encourages rehabilitation and successful reintegration into society.

- Prison population total (including pre-trial detainees / remand prisoners) **1,746**
- Official capacity of prison system **1,000**
- Occupancy level (based on official capacity) **172.7%**

Our Goal

- Our goal is to launch STEPS at a chapel service at the prison on July 5th, 2019.

The program is offered "Free of Charge" to target groups, and underwritten by those who believe in the cause. STEPS has a dedicated office in Nassau, The Bahamas.

Thank you for your prayers and support!
