

The Ready! Evangelism Training Seminar is a great way to prepare your students for evangelism. The training will satisfy their missions' appetites and equip them with the basic tools needed for their ministry experience. It is a fantastic way to learn how evangelism should be done, and it pays off once you are on the ground at your ministry site. I highly recommend this seminar!

Tony Rizzo has an incredible heart for the Lord and for lost souls. I partnered with Tony in the summer and watched him equip our young people. I also went with him on a week-long evangelism mission trip in Philadelphia, PA. Many of our teens led others to Christ during this week. Some of them are called to serve in full-time ministry. I will be partnering with Tony shortly, leaning upon his expertise & heart to better train our people. I highly recommend Tony Rizzo to your ministry.
