

Monuments are the custodial guardians of history and upon these monuments lies the dash between.

This little line contains a life lived. It contains our moments of joy and sorrow, our successes and failures, our acts of kindness, and our contributions to the world.

Each person's dash between is unique, filled with the stories and experiences that once defined their existence.

When memories fall out of reach

KEY TO THE PAST

When you order a custom-made Memorial QR code from YourDashBetween.com, we create a professional HD personalized video using your submitted materials.

Your custom QR codes will be delivered on two square acrylic plates with a sticky back plate, allowing you to peel and stick them directly onto the monument of your choice.

By integrating this QR code with cemetery visits, it can turn a simple stroll into an immersive, [*personalized historical experience*](#).

YOUR-DASH-BETWEEN

We specialize in transforming [*PRICELESS*](#) Memories into Immortal Stories.

Voices that fell silent years ago speak once again and share their stories.

Every video we produce will be crafted as a mini-documentary, celebrating a special life.

Creating a personalized QR code with YourDashBetween.com allows you to immortalize your loved ones story, transforming memories into timeless stories.

This innovative approach makes the stories of past generations accessible and memorable for future ones, ensuring that their legacy lives on in a meaningful and engaging way. Thus, you ensure that the stories of past triumphs, sacrifices, love lost and found, hopes, and dreams are accessible and remembered for generations to come.

yourdashbetween.com

BY SHARING THEIR STORY YOU CAN CREATE A MEANINGFUL AND IMPACTFUL NARRATIVE FOR THE WORLD TO ENJOY.

With your custom-made QR code you are not just preserving history; you are making it accessible, interactive, and alive. Transform the way we remember and celebrate lives, making every visit to a cemetery a journey through the greatest vault of human history.

MEDIA:

Simply submit your media and we will take care of the rest. You can include: video, audio and pictures and we will transform your submissions into a professional HD documentary style video. Length of your video depends on the amount of content you submit.

VIDEO STORAGE:

Your final product will be uploaded to Youtube for easy access for generations to come. [To prevent public Youtube access, the video it is only viewable to someone with the link.](#) The custom QR code is permanently attached to the Youtube file and can be scanned by anyone visiting the monument site.

WHAT MAKES US UNIQUE?:

Unlike other memorial QR code providers, we produce a professional custom-made video from your submitted material. Other companies simply have you upload your media in no particular format to be viewed. We provide Motion Graphics, editing (dissolve, fade, cross fade, push, etc), color grading, music & voice over (if narration is wanted), all one low price.
