## FOR IMMEDIATE RELEASE

### **Score Pharma Inc. Named Finalist at ConvergeSouth 2025, Showcases Innovation to Investors**

HUNTSVILLE (September 10, 2025) – Score Pharma Inc., a biopharmaceutical company pioneering next-generation therapeutic antibody platforms located on the HudsonAlpha Institute for Biotechnology's Huntsville campus and in strategic partnership with Southern Research in Birmingham, was recently selected as a finalist in the title round pitch competition at ConvergeSouth 2025 and participated as an exhibitor at the event held in Winston-Salem, N.C.

ConvergeSouth, a premier southeast technology and innovation conference, brings together founders, investors and industry executives to highlight high-growth companies shaping the future of their sectors.

As an exhibitor, the Alabama-based company presented its differentiated approach to antibody drug development with initial targets focused on oncology, drawing significant engagement from investors and potential strategic partners.

"Being named a finalist at ConvergeSouth underscores both the scientific and commercial potential of our platform," said Bruce Edward Jones, Ph.D., Founder and Chief Executive Officer of Score Pharma Inc. "We are committed to advancing therapies that deliver meaningful patient impact while creating long-term value for our investors. This recognition at ConvergeSouth 2025 represents a milestone in our growth trajectory and validates our position as an emerging leader in the biopharmaceutical sector."

#### **About Score Pharma Inc.**

Score Pharma Inc. is dedicated to developing new, more potent antibody therapeutics by transforming existing clinically proven antibody therapeutics for an improved patient response. Through a science-driven strategy and disciplined execution, the company aims to deliver transformative outcomes for patients and sustainable returns for shareholders.
