

Just PURRfect Ragdolls

justpurrfectragdolls@yahoo.com | Located in Mounds View, MN

Member of TICA- The International Cat Association-the world's largest genetic registry of pedigreed cats | Hobby raising wonderful TICA registered Ragdolls in my home

-Adoption Contract-

- Kitties available for adoption into loving homes-
- Kittens may join your family at approximately 12 weeks of age.
- Kitten price is \$1200.
- \$200 non-refundable deposit to hold kitten.
- Kitten/cat will be held once I receive cash, Zelle payment or cashier's check has cleared.
- Deposit goes towards price of kitten/cat- the balance is due in cash upon pick up.

Breeding cats are TICA registered pedigreed Ragdolls, tested negative for Felv & FIV (Feline Leukemia Virus/Feline Immunodeficiency Virus) and have been genetically tested and found not to be carriers of HCM (Hypertrophic Cardiomyopathy), PKD (Polycystic Kidney Disease) & Mucopolysaccharidosis Type VI

There hasn't been an incident of FIP in the kittens/cats at Just Purrfect Ragdolls.

Kittens/cats are TICA registered, UTD on vaccinations, dewormed, Vet checked & come with a 1-year genetic health guarantee.

Adopter will receive kitten's health records. Additional information about kitten's parents available upon request.

Kittens/cats are healthy to my knowledge at time of sale.

Within first week if a serious health condition is found by Vet, the kitten/cat may be returned for replacement within a reasonable time period agreed upon by seller/adopter. Vet report must be supplied to seller.

Replacements will not be offered for anything easily treatable, including upper respiratory infections, eye infections or vomiting/loose stools (as these illnesses are common in a kitten/cat, especially during transition periods such as changing homes).

During the first year if the kitten develops a life-threatening genetic disease or if kitten dies because of this, the kitten will be replaced (when one is available) after receiving a signed report by licensed Vet.

FIP is not genetic & if kitten develops coronavirus or FIP, this is not covered under the genetic health guarantee.

- Adopter agrees to spay/neuter contract (this is required to be a responsible breeder & to be a member of TICA)- meaning kitten will be spayed/neutered on future date.
 - (Unless adopter is purchasing breeding rights for \$1000).
- Adopter agrees to not declaw kitty.
- Adopter agrees to not let kitty outdoors unattended.
- Adopter agrees to not have kitty live in a cage.
- Adopter will not sell, lease or give away any kitten/cat to a pet store, research laboratory, breeding mill, animal shelter or similar facility.

Just PURRfect Ragdolls reserves the right to cancel sale & have kitten/cat returned if the placement does not seem beneficial to the kitty. If this should happen, all money paid towards purchase of kitten/cat will be refunded.
