## EXCLUSIVE PREMIER SALON REWARDS

**Up to 15% Cash Back on UV Lotion, 20% on Sunless Lotion, & 25% on Sunless Solution purchases** for Co-Op Advertising of New Sunshine Brands with proof of advertising OR 8% Cash Back (following the Exclusive Salon Guidelines outlined in the Exclusive Premier Program Book).

Would you like CASH BACK? Well if the answer is yes, then you'll love this year's tanning season with Australian Gold®, Swedish Beauty®, California Tan® and Designer Skin® because it is all about CASH BACK! We are very excited about our new products and programs and we want to pass that enthusiasm on to you!

Your salon can earn up to 15% "Cash Back" on your total lotion purchases to use towards advertising... simply by carrying ONLY these incredible brands of lotions in your tanning salon and by putting an Australian Gold®, Swedish Beauty®, California Tan® and or Designer Skin® in each of your advertisements.

# OPEN A TANNING SALON

Tanning Salon Pros offers an alternative solution to franchising for start-up tanning salons. As a new salon owner, you will be able to enjoy a consulting package with a purchase of tanning equipment through us.

Our company has been in the tanning industry for over 30 years. Because of our experience, we are able to offer you our consulting package so you do not have to “re-invent the wheel”. Tanning Salon Pros consulting package consists of:

- Suggest optimal locations for a tanning salon in your area
- Advise how to negotiate your lease for your salon space
- Assist with tanning equipment selection for your location & demographic area
- Help you design your floor plan to maximize use of your square footage
- Assistance with your salon marketing & advertising
- Provide you & your electrician with electrical requirements for your tanning equipment
- Provide you & your HVAC technician with proper Air Conditioning requirements
- You will receive our 24/7 assistance phone number
- Assist with pricing structure for your tanning packages & memberships and more!

We welcome you to visit us to discuss your business plans, spend time in our Year Round Brown tanning salons to see how they operate, try out complimentary sessions in our tanning beds & UV Free sunless booth, and visit with us to discuss any questions you have about running & operating your own tanning salon.

As a non-franchise, independent business owner, you have the liberty to customize your business to your demographic and customers' needs! The sky is the limit when you are the boss. **Call Tanning Salon Pros today to make your dream of owning a tanning salon into a profitable business. 605-331-2500**

## Tanning Salon Pros tanning equipment levels include:

**LOW PRESSURE** - has more UVB (reddening ray) which allows clients to tan more often & at slower intervals to achieve a base tan. The average person will develop a tan in 8-12 sessions and will have to tan 3-4 sessions a week to maintain their developed tan.

**MEDIUM PRESSURE** - less of the UVB (reddening ray) when compared to Low Pressure and in return offers more of the UVA (bronzing ray). The bronzing ray provides clients with the ability to achieve a base tan much quicker and tan less often. The average person will develop a tan in 5-8 sessions and will have to tan 2-3 sessions a week to maintain their developed tan.

**HIGH PRESSURE** - highest amounts of UVA (bronzing rays) for the fastest developed and longest lasting tan. The average person will develop a tan in 1-3 sessions and will have to tan 1-2 sessions per month to maintain their developed tan.

**SUNLESS TANNING** - Versa Spa is no ordinary sunless booth. Versa Spa combines innovation after innovation to transform your skin in just minutes. Bronze, Hydrate, and Smooth fine lines in one session. Clients can customize their tanning application by selecting one, or combining all three full-body treatments—a pre-sunless pH balancing treatment, one of two sunless bronzing treatments (clear or tinted bronzer), and a post-sunless super hydrating treatment. Clients can enjoy the process as much as the results. A relaxing experience is achieved with a wide-open interior design, EZ-2Breathe purification system, and Comfort-Dry technology. Versa Spa applies a perfect sunless tan every time!

**RED LIGHT THERAPY** - Red light therapy (RLT) is a treatment that may help skin, muscle tissue, and other parts of your body heal. It exposes you to low levels of red or near-infrared light. Infrared light is a type of energy your eyes can't see, but your body can feel as heat. Red light is similar to infrared, but you can see it.

# FAQ

## (frequently asked questions)

**WHAT ARE BRONZERS?** This technology uses self-tanning agents to increase dark color. Bronzers darken the protein in the skin, the higher the level of bronzer used the darker the shade of brown. The color typically lasts for four-to-seven days and is seen within two-to-four hours after application. Apply bronzers in a circular motion and hand washing is required after application.

**WHAT IS AN INTENSIFIER?** An intensifier features ingredients known to enhance the skin's ability to retain moisture and promote dark, long lasting color without the use of added bronzers.

**WHAT DOES A COOLING PRODUCT DO?** Cooling products contain special skin cooling ingredients. These ingredients counteract the heat of the tanning bed by drawing warmth away from the skin leaving the tanner with a cooling sensation during and immediately after tanning.

**WHAT DOES A TINGLE PRODUCT DO?** A tingle product contains a stimulant ingredient, such as benzyl nicotinate, which stimulates and increases micro-circulation of the skin for greater, more intense tanning results. Tingle products are available in a range of intensities. First time users should start with the lowest tingle and work their way up to stronger tingles when they are comfortable. Tingle products should not be used on the face and testing a small area before application is mandatory.

**WHAT IS STEAM XTREME / BODY BLUSH / HEATWAVE WARMING?** Steam Xtreme / Body Blush / HeatWave Delivers a relaxing, soothing, thermodynamic warming sensation. UV-activated, bio-responsive complex that provides a warming sensation. Added botanical extracts are circulatory stimulants generating a warming effect that makes you feel good and increase immediate bronze color results with increased skin oxygenation.

**WHAT IS A TAN EXTENDER/MOISTURIZER?** A tan extender is a vitamin-enriched moisturizer that enhances and maintains your tanning results when used daily after showering/bathing and after each tanning session. Essential vitamins and powerful botanical actives preserve and prolong dark color. Some tan extenders are sold with DHA to give even darker, continuous color results.

**WHAT IS SUNLESS?** Sunless works by creating a response with the top layers of skin. Specially formulated Dihydroxyacetone (DHA) sugars, bronzer blend, aloe and moisturizers are applied to the skin, which then reacts naturally with the protein in the top layers of the skin creating a golden bronze, healthy and soft color.

**HOW SOON AFTER THE TANNING SESSION CAN THE USER SHOWER?** We recommend that the user wait at least 3 hours after tanning and 6 hours after spraying to give the DHA enough time to fully set. If they shower earlier, they may diminish the intensity of the tan. When they do shower the initial tan created by the bronzer will wash off, but the DHA will remain and create a long-term tan.

**I THINK I TAN BETTER WITHOUT A LOTION. SO WHY SHOULD I USE ONE?** Indoor tanning and UV exposure can be dehydrating to the skin. Tanning lotions will help to replenish any moisture that has been depleted during the tanning session, there-by improving your results. Not only will you get a darker tan, you will tan more quickly and it will last longer. In addition, tanning lotions contain specific ingredients that promote tanning and melanin synthesis.

**CAN I USE THE LOTION ON MY FACE?** The facial area is much more delicate and more likely to have allergic reactions in comparison to the rest of the body. In fact, fragrance is one of the most common reasons for cosmetic allergic reactions on the face. That is why we recommend using products specifically designed for the delicate facial area. Recommend the facial accelerators and bronzers that are fragrance free and/or hypoallergenic that are specifically designed for the face.

**WHY DO I HAVE THESE CIRCLES ON MY SHOULDERS, BUTTOCKS, AND/OR LOWER WAIST THAT WON'T TAN?** These are called "pressure points", where the most amount of pressure is on your body when reclining in the bed. The blood flow is constricted in those areas and that is why they don't seem to tan at all. Your best bet is to alternate your positions when tanning.

**WHAT SHOULD I SAY TO A CUSTOMER WHO IS USING AN "OUTDOOR" TANNING LOTION/BABY OIL IN THE BED?** Simply tell them that mass market lotions are prohibited in the salon due to the damage they cause to the tanning equipment. In addition to giving inferior tanning results, outdoor tanning lotions contain ingredients such as mineral oil that actually damage the acrylics.

## cbd collection

CBD oils at different mg offerings allows for consumers to pick and choose their mg amount. Derived from US Grown Industrial Hemp in Colorado using organic practices allows for the purest CBD Isolate. Blended with Coconut Oil and Natural Orange Flavoring for ease of dosage and no unnecessary additives.

Muscle Relief CBD Isolate with Menthol and Arnica to help soothe and relieve muscles. Menthol leaves the skin with a slight cooling sensation, while Arnica helps alleviate soreness. Essential Tea Tree Oil provides antibacterial properties and helps ensure a fresh, clean after scent.

## botanical sunscreen

The Australian Gold® Botanical collection is more than just powerful sun protection – it's gentle care for your skin. This non-chemical sunscreen lotion delivers non-whitening protection with a refreshingly luxurious, powdery-clean feel. Rich in vitamins and antioxidants from native Australian botanical ingredients, it allows you to enjoy the sun, protected from both UVA and UVB rays, and water resistant for up to 80 minutes..

## Timers and software

### T-Max 24 Hour Attendant

Intelligent card swipe system that allows the tanner to swipe a card to start a session. For complete un-attended salon operation allowing you to provide tanning 24 hours a day, 7 days a week! The Attendant can control 1 tanning bed, up to a full salon.

Enables you to offer unattended tanning, allowing you to make money 24 hours a day.

- Completely compatible with TMax Wireless System.
- Select skin levels for each customer.
- Use this system for control access doors to tanning areas, bathrooms etc.
- Expandable up to 60 rooms.
- Software is absolutely free!
- Easy to install and use!

### T-Max Wireless Timer System

T-Max Timer System offers a new WIRELESS timer system for faster, less hassle installation. T-Max can connect to your computer and be managed by the popular tanning salon software, Salon Touch. Access Points allow the T-Max® System to be connected without the need to connect daisy-chain wires.

### Salon Touch

Designed for Tanning, Hair and Spas, SalonTouch is the world's first real-time wide area network (WAN) salon management program which sets the benchmark against which all other programs are measured. SalonTouch can run as a stand-alone product, operate in a LAN environment or function in a real-time WAN environment. This high-level product is designed for any size salon...especially those with growth in mind. SalonTouch is our flagship product designed with intelligence for the user.

CC SWIPE, FINGER PRINT SCANNER, RECEIPT PRINTER, & CASH DRAWER FOR SALON TOUCH.

## parts

### TANNING BED PARTS

Are available for all brands & models upon request.  
Call 605-331-2500 with the make, model, & year of your tanning bed.

Acrylics	Ballasts	Capacitors	End Caps
Filter Glass	Fuses	Filter Glass	Gas Springs
Lables	Lamp Holders	Fans	Starters
Igniters	Switches	Brakes	Timers
Buck Boosters	Main Boards	Relays	..and more!

Down time is costly. Let us help you with your lamps and parts. Next day shipping is available!

## acrylics

Please have the following information ready when you place your acrylic order:

- **Manufacturer**
- **Style**
- **Year**
- **# of lamps in the bed**
- **Facials: yes or no? How many?**

Remove Acrylic from the tanning bed (removal is necessary) and measure exact Width and Length with a flexible tape measure (pressing down on tape measure to including all curves & ends to the nearest 1/16 of an inch!)

**Canopy (top):** Width =      Length =

**Bench (bottom):** Width =      Length =

2 Bend      4 Bend      Curved      Contoured

### What style is the acrylic?

Check for any Holes or Slots (look by door handles if a Stand-Up) **Measurement =**

Is there tape on either end of the acrylic?

Are the lamps Staggered or Non-Staggered (in a row or not) **Yes or No?**

Is there tape on either end of the acrylic?

## versa pro products

**HYDRATING SELF-TANNING WATER MOUSSE** revolutionizes a luxuriously light-weight, easy to apply mousse that immediately restores skin to a silky and renewed feel. Goes on clear with no worries of color transfer and the tan lasts up to one week. So gentle, it can be used on face and body.

**CATALINA SOUFFLE** revolutionizes the skin, with an instant, rich island tan, fused with the power of an extended tan. The luxuriously light and whipped soufflé provides head-to-toe color for an even and beautiful tan.

**CLEANSING BODY WASH & EXFOLIATOR** – prepares and polishes the skin for bronzing, gradual tanning, salon spray tans and sunbed tanning. Daily use of this sulfate-free body wash gives skin a silky clean moisturizing finish to extend your tan. The exfoliator gently removes dead skin cells to create a smooth canvas for an even sunless tan.

**INTENSIFYING PRIMER**– balances pH levels and conditions the skin to accelerate development time and intensify the tan when used with bronzers, gradual tanners, salon spray tans and sunbed tanning.

**BRONZING MIST**– micro-mist transforms skin, with an instant bronzed tone, fused with the power of an extended tan. Odor-Ban 200™ technology virtually eliminates sunless tanning odor.

**GRADUAL TANNING SPA BUTTER** – luxuriously moisturizes skin and creates a beautiful tan.

**GRADUAL TANNING FACE MOISTURIZER** – instantly hydrates skin, blurs fine lines and creates a beautiful tan.

**APPLICATOR MITT**–Assures an easy, even and mess-free application for a perfect sunless tan. Ideal for use when applying or blending sunless tanning lotions, sprays, mousses and other sunless tanning products.

## MATRIX

Efficient, ergonomic and comfortable, **HIGH PRESSURE** tanning beds offer a quick and lasting tan. Furthermore, they give customers a sense of general well-being for the entire body, combining high production technology and maximum comfort.

## MATRIX L33 EXTREME

Lamps x Watt	27 x 650	6 x 1000
Position and type	Body	Face
Tot.	33	
Power KW	23,55	
Current absorbed KW/A	26,2 / 74	

## THE SUN AROUND YOU

E33 high-pressure UVA lamps for a uniform and simultaneous all-round effect over the whole body, without the user needing to turn over. With its emission in all directions and the tilting effect of the central tanning units, Matrix L33 Extreme ensures all-around body tanning while cutting session times by 50%. A simple command console allows users to set tanning time, to vary the desired amount of ventilation and to listen to their favorite music.

## MATRIX L28 DEC

Lamps x Watt	27 x 500	6 x 650
Position and type	Body	Face
Tot.	28	
Power KW	18, 2 KW	
Current absorbed KW/A	Max 21,4 kw-35 A	
	Min 15,5 ks -22 A	

## DYNAMIC ENERGY CONTROL

- Fewer electrical components used
- Complete lamp monitoring
- Consequent uniformity of UV emissions
- Less technical maintenance, lower size and weight
- Constant power supply even in case of mains power supply variations
- Smart software compensates for lamp aging, supplying correct current to restore yield to initial levels
- With this new control system for every single lamp, tanning profiles can be personalized to suit skin phototypes

## DESIGN, MINIMUM DIMENSIONS HIGH PERFORMANCE

Matrix L28 is a powerful blend of technology, design, safety, efficiency, low running costs and easy compatibility with all surroundings. Essential design with open styling, absolute safety and high efficiency for tanning sessions, superior comfort and extremely compact dimensions are outstanding features that make this solarium a benchmark for the entire sector. As on all ISO ITALIA products, quality marks certify that the components used comply with exacting safety standards.

## pre owned commercial tanning equipment

Tanning Salon Pro's quality pre-owned equipment includes: **brand new tanning lamps, a manual, 6 month warranty on electronic parts, equipment is tested & cleaned!**

Our tanning equipment is ready to be used in your facility. There are lots of pre-owned tanning beds online, but lets face it, how many of those sellers can guarantee your equipment will work or be able to supply your parts and technical assistance if something goes wrong?

When purchasing from Tanning Salon Pros, you can be confident because we guarantee your tanning equipment to be in working condition when it arrives.

Plus, we will give you the electrical, A/C requirements, room dimensions ahead of time so you can have your tanning room ready before the equipment arrives. **Call today! 605-331-2500**
