DIRECTORS SYNOPSIS

“People don’t hear words, people hear action.”

Tick Talk is an interpretative ensemble piece showing the effects of mental health in teens all with the use of verbal restriction. Sometimes the voices in our head become so loud yet you somehow stay so silent. With only one phrase a series of struggles will unravel before your eyes because sometimes its not the words you say but how you say it that show how you truly feel.

Jayda Casey
YEAH

My name is Jaida Casey, I am 15 years old. This is my first year performing for The Alberta High School of Fine Arts. Being under those intense bright lights, becoming someone else, and portraying that character; humanizing the character, gives me peace of mind. I can escape my hecticness and just simply be something else. A few productions that I have been a part of consist of Chicago, The Wizard Of Oz where I played the role of Dorothy, and then I was in the musical The Little Mermaid Jr. and I played the character Flounder.
