

First Nations Telehealth Solutions is currently seeking Psychiatric Mental Health Nurse Practitioners in Michigan.

FNTS is a clinician-founded group with a mission to promote access to quality care for all communities.

In an effort to maintain safety and best practices for our clinicians and patients via telemedicine, FNTS utilizes a multidisciplinary team in meeting care goals for each client/patient. The qualified candidate will be able to see both children and adults.

**Qualifications:**

- Licensed Psychiatric Mental Health Nurse Practitioner - Board Certification required,
- Masters in Nursing with active prescriptive authority required

**Compensation:**

- Very competitive pay scale

**Job Requirements:**

- Make Psychiatric assessments and evaluations of clients in an ongoing telemedicine capacity,
- Prescribe medication in an effort to reduce mental health symptoms, as needed,
- Review and approve individualized service plans and assessments.
